this classic has been the most authoritative text in the field since 1924 the thoroughly revised eleventh edition continues to provide a sound sophisticated sociological treatment of the principal issues in criminology

edwin sutherland is the acknowledged father of american criminology this is the first full length analysis of his work and his person unlike the european schools of criminology which sought to locate deviant behaviour within the deep structures of the economy sutherland eschewed such explanations in favour of proximate and observable causes he located the sources of crime in the association and interaction of specific groups of people for sutherland crime as a way of life results from an individual s

attachment to criminals for whom criminal acts are a measure of success no less than a way of life in a series of publications sutherland expanded the horizons of the classic chicago school of interactionists and in the process founded criminology as a separate area of research while locating it firmly within sociology as the authors show sutherland s work was inspired by strong moral concerns and a sense of the needs of society for social order without falling prey to either blaming the victim or pandering to sentiment about the joys of criminal life in this sense he is a model of the sociological tradition long deserving of the biography acknowledging his role as a master and pioneer yet gaylord and galliher have written more than an intellectual biography they take seriously the need to fit sutherland and his theory of differential association into a social and historical context they are also aware and critically straightforward about the limitations of sutherland s work in criminology but place both his achievements and their limitations in a fully developed analytical context

edwin h sutherland is widely identified as the single most important and influential criminologist of the twentieth century he is especially well known for his path breaking criminology textbook first published in 1924 his promotion of a sociological and scientific approach to the understanding of crime and its control his theory of differential association and his work over his final ten years on white collar crime a term he is credited with having introduced this book explores the contemporary meaning of edwin sutherland and considers why criminologists today should continue to engage with his work what can and should sutherland mean to future 21st century criminologists those working in the field say between 2021 and 2050 or some one hundred years after the 1921 to 1950 period that encompassed sutherland s criminological career which dimensions of sutherland s work have best survived the march of time and which are most likely to and deserve to survive going forward making the case that sutherland is important to both mainstream and critical criminologists to positivistic criminologists and those who study crimes of the powerful this book is essential reading for both students and scholars interested in exploring the enduring legacy of this key thinker in criminology

first published in 1924 under title criminology includes bibliographies

this is the first in a series concerned with criminology and criminal justice topics include penological reform and the myth of beccaria varieties of enlightenment the rise of positivist criminology and the growth of criminology in the united states between 1880 and 1945

this is a collection of interviews with nine of the most significant figures in modern criminology the majority started their careers in the 1930s and 1940s when criminology was in its early stages and played key roles in the shaping of the field in the 1950s and 1960s the interviews highlight the social and intellectual influences on these men important mentors and institutions career patterns and the surprising coincidences that often led to lasting contributions to the field

in this examination of the philosophical foundations of crime in western culture the authors combine theoretical chapters with those centred on application and case study they develop an accessible and insightful approach to philosophical criminology in

step with the challenges of the 21st century

argues that criminal activity is largely rational shaped by rewards and penalties it offers versus the outcome of other available activities
