a nontechnical concise and rigorous introduction to the rational choice paradigm focusing on basic insights applicable in fields ranging from economics to philosophy this book offers a rigorous concise and nontechnical introduction to some of the fundamental insights of rational choice theory it draws on formal theories of microeconomics decision making games and social choice and on ideas developed in philosophy psychology and sociology itzhak gilboa argues that economic theory has provided a set of powerful models and broad insights that have changed the way we think about everyday life he focuses on basic insights of the rational choice paradigm the general conceptualization rather than a particular theory that survive recent and well justified critiques of economic theory s various failures gilboa explains the main concepts in language accessible to the nonspecialist offering a nonmathematical guide to some of the main ideas developed in economic theory in the second half of the twentieth century chapters cover feasibility and desirability utility maximization constrained optimization expected utility probability and statistics aggregation of preferences games and equilibria free markets and rationality and emotions online appendixes offer additional material including a survey of relevant mathematical concepts

interest in economics is at an all time high among the challenges facing the nation is an economy with rapidly rising unemployment failures of major businesses and industries and continued dependence on oil with its wildly fluctuating price americans are debating the proper role of the government in company bailouts the effectiveness of tax cuts versus increased government spending to stimulate the economy and potential effects of deflation economists have dealt with

such questions for generations but they have taken on new meaning and significance tackling these questions and encompassing analysis of traditional economic theory and topics as well as those that economists have only more recently addressed 21st century economics a reference handbook is intended to meet the needs of several types of readers undergraduate students preparing for exams will find summaries of theory and models in key areas of micro and macroeconomics readers interested in learning about economic analysis of an issue as well students embarking on research projects will find introductions to relevant theory and empirical evidence and economists seeking to learn about extensions of analysis into new areas or about new approaches will benefit from chapters that introduce cutting edge topics to make the book accessible to undergraduate students models have been presented only in graphical format minimal calculus and empirical evidence has been summarized in ways that do not require much background in statistics or econometrics it is thereby hoped that chapters will provide both crucial information and inspiration in a non threatening highly readable format

intermediate microeconomics a modern approach 7th edition is distinguished by its remarkably up to date and rigorous yet accessible analytical approach professor varian's lucid prose guides students through the fundamentals of microeconomic analysis while emphasising real world economic problems and incorporating coverage of the most innovative subjects in the discipline the seventh edition has been carefully updated and revised adding a wealth of new applications and examples that analyse the important lessons offered by ebay google verizon ibm microsoft bank of america drug companies the yellow pages and even maine lobsters features modern approach each edition of intermediate microeconomics has set a new standard in the field for its inclusion of the most up to date theories and research the seventh edition continues this tradition providing a brand new chapter on behavioral economics and expanded coverage of auctions and

other contemporary topics new real world applications the applications and examples that are new to the seventh edition analyze the important lessons offered by ebay google verizon maine lobsterman ibm microsoft bank of america drug companies the yellow pages and others classic strengths renewed the seventh edition expands and improves upon the strengths that have made intermediate microeconomics the leader in the field engaging examples professor varian s clear explanations are accompanied by exciting real world examples that challenge students to apply concepts on their own lecture sized chapters the text s brief single topic chapters are organized to correspond to individual lectures giving instructors more flexibility in assigning topics to match their courses moderate mathematical level algebra based and accessible the text includes a mathematical appendix that offers a concise review of relevant math also included are appendixes that introduce calculus based approaches

the present book provides the most clear and accurate presentation of advanced microeconomic concepts microeconomics lays the basic foundation of the understanding of economics a good grasp of microeconomics is vital for both managerial and public policy decision making as well as analyzing the modern trends of economy primarily designed to serve as a textbook microeconomic theory covers the fundamental concepts and deals with all the topics extensively in an easily comprehensible style mathematical tools and techniques have been used wherever required for the purpose of easy elucidation of the subject matter an ideal textbook for both the graduates as well as undergraduates of the indian universities across the country it gives students the opportunity to work with theoretical tools real world applications and cutting edge developments in the study of microeconomics case studies and diagrammatic presentations have been incorporated so as to make the subject more accessible and interesting model questions and references included in the book will enable the readers to make self assessment and pursue the

topics in detail it is hoped that besides the students of economics the book will also be useful to the candidates preparing for competitive examinations like upsc state public service examinations etc

microeconomics has become a market leader because perloff presents theory in the context of real data driven examples and then develops intuition through his hallmark solved problems students gain a practical perspective seeing how models connect to real world decisions being made in today s firms and policy debates the seventh edition is substantially updated and modified based on the extremely helpful suggestions of faculty and students who used the first six editions every chapter is thoroughly revised and includes new or updated examples and applications

central banks around the world have lowered their key interest rates to historical lows and implemented large asset purchase programs in the past few years within the scientific and most recently also increasingly in the political debate the nominal interest rate is mainly the subject of discussion the question is often raised whether saving and retirement provision are still worthwhile for private households especially in germany in this context it is often ignored or not considered that the purchasing power of the nominal interest rates fluctuates considerably with the inflation rate inflation adjusted real interest rates are therefore decisive for the actual income from financial assets and crucial for the savings and investment behavior this study therefore shall play ist part to investigate scientifically the influence and correlation of low and negative key interest rates on yield levels of selected asset classes within the sphere of influence of the european central bank in this context the mainly populist question is also answered whether savers are expropriated slowly

the fourth edition of this bestselling text was significantly streamlined and updated the full colour presentation and excellent pedagogical features make it an ideal introductory text for undergraduate and graduate courses in economics

this guide lists approximately 3 500 books recent titles of general interest to the business reader that harvard business school faculty researchers and students consider central to their work revised and updated annually it includes the full bibliographic record for each book and features an appendix of publishers addresses as well as indexes by title author core classics and notable books
