education for refugees and forced im migrants across time and context follows the journey of
refugee and forced im migrant youths as their educational needs and opportunities vary according

to resettlement communities immigration policies dominant culture and language geography and other key factors

social work and integrated care draws on the latest research practice and theory to explore integration within both child and adult services although all the home nations in the uk view integrated care as a top priority within health and social care policy many people continue to experience fragmented care this book sets out the case for integration considers the evidence of its impact and discusses the implementation challenges that must be overcome packed full of current examples of integration from across the uk and internationally and reflexive exercises which highlight practice issues for social workers it provides the following key learning outcomes an understanding of what is meant by integrated care and why it is seen as vital to a modern health and social system a knowledge of the expected impacts in relation to improving the experience and outcomes for individuals and their families addressing inequalities and promoting health and wellbeing and increasing financial efficiency a recognition of the common barriers to integrated care and what such fragmentation can mean for individuals and their families a critical review of key approaches to promote integration and their practical implementation reflection on the potential contribution of social workers and their own collaborative practice providing a comprehensive and accessible overview of integrated care policies and practice this book will help prepare social workers for the realities of collaborating with other professions and services it should be considered essential reading for students undertaking their professional qualification and those who are in practice who are looking to improve their ability to collaborate

no detailed description available for towards a voice in the public sphere

the internet has penetrated material reality to such an extent that it is now often impossible to disentangle the material from the virtual in this postdigital scenario the encounter with newness becomes accessible at the touch of a button 24 7 learning becomes a lifewide experience which allows for the emergence of new culturalities the contributors to this volume engage with cultural changes brought about by an intensified digitalization process in the context of formal education but also shed light on unexpected contexts in which informal learning experiences take place every day strengthening diasporas creating new connections and transforming ourselves and our societies

this book takes stock of german gender equality in several policy fields after 16 years of governments led by angela merkel and her conservative christian democratic party cdu while maintaining its status as an economic engine in europe germany has historically been a laggard in adopting gender equality measures the european gender equality index however now ranks germany relatively high and shows substantial progress since 2005 while this has gone mostly unnoticed germany has passed far reaching legislation in major policy fields relevant for gender equality investigating the effects of merkel s tenure on gender equality the chapters in this volume assess policy output and outcomes with a focus on internal power dynamics in germany as well as international and european union eu level pressures in the policy domains of political representation lgbti rights migration the labor market and care it examines how policy measures

introduced by conservative governments affect gender norms and gender culture and if they ultimately lead to effective implementation and greater equality the book argues that merkel often led from behind indirectly facilitating claims making instead of proactively pushing them this nonetheless contributed to transformative change in germany by merkel not blocking policy proposals and allowing civil society groups and rival parties to push many progressive gender policies leading from behind gender equality in germany during the merkel era is a fascinating read for students researchers and academics interested in european politics political leadership gender equality and lgbti politics this book was originally published as a special issue of german politics

in the current business climate the impact of the volume and nature of regulatory change and the regulatory risk arising from this is a significant business risk for regulated firms and regulators alike as a consequence management of this risk is increasingly high on the board agenda of regulated firms with those business functions whose activities support this such as compliance facing increasing levels of challenge in their efforts to be effective the changing face of compliance addresses core aspects of this challenge considering the relationship between regulation and compliance and key influences on both offering insight into the effectiveness of current approaches and addressing practical compliance challenges sharon ward explains how the role of compliance might be strengthened and those who work within it further enabled to support the current focus on improving standards in business offering recommendations for enhancing this role the text includes a mix of hands on advice examples and research based on the experiences of practitioners educators and regulators drawn from across a wide range of jurisdictions and sectors this is a thoughtful and timely book whether you are concerned about the growing and changing implications of regulatory risk the benefit of leveraging additional value from your compliance function or your own compliance role or ways of transforming and sustaining the function to ensure its continued relevance to the business

as risks arising within the business environment grow in size and complexity so too do the regulatory requirements put in place to manage them the pace of regulatory change is itself a significant business risk and compliance departments are under increasing pressure to keep up with the change and adapt their organisations accordingly this new edition of what has become an indispensable guide to regulation compliance brings readers up to date with changing areas of focus and provides guidance for regulated firms and regulators alike the changing function of compliance considers the relationship between regulation and compliance as well as key influences on both offering insight into the effectiveness of current approaches and addressing practical compliance challenges it explains the purpose and development of regulatory risk management and the existing regulatory environment and provides a detailed exploration of the compliance function explaining how the role might be strengthened and how best to approach the role to enable it to be effective this practical and accessible handbook includes a mix of hands on advice examples and research based on the experiences of practitioners educators and regulators drawn from across a wide range of jurisdictions and sectors this book is an essential read whether you are concerned about the growing and changing implications of regulatory risk the benefit of leveraging additional value from your compliance function or your own compliance role or ways of

transforming and sustaining the function to ensure its continued relevance to the business

europe and america are currently experiencing the demise of what had been taken for granted in transatlantic relations for over 50 years their relationship has been sucked into the vortex of the global political upheaval that followed the terrorist attacks of 9 11 they are now faced with the task of finding new answers to the geopolitical social economic and political challenges that have emerged as the german administration s coordinator for german american cooperation werner weidenfeld has played a vital role in shaping transatlantic politics for many years at the same time he has observed and analyzed them as a political scientist it is this unique double perspective that weidenfeld brings to his book reviewing europe s and america s common history he shows the problems and challenges of transatlantic cooperation and outlines possible ways of improving it for weidenfeld one thing is obvious europe and america will have to make a conscious choice either they continue to be partners at odds or they arrive at a new strategic realism to shape the 21st

century jointly
