a social accounting matrix sam is a representation of an economy that shows the circular flow of all transfers and real transactions between sectors and institutions the sam which is a square matrix describes the flows of incomes from activities taking the form of factor remunerations that are consequently received by the households for consumption on goods and services the accounts in the sam are the production activities commodities institutions and factors of production according to data availability the production

activities can be further disaggregated to include more detailed information on sub sectoral or regional production similarly the factors of production could be differentiated by the level of skills or the location of employment households can be disaggregated by income quintiles or by rural and urban residence

this timely book astutely charts the transformative effect of the war in ukraine on the eu from both a legal and policy perspective the eu itself a unique peace project born out of two world wars consistently evolves from one security crisis to the next departing from the usual broad sweep of deepening and widening this book focuses on the constitutional and substantive impact on the eu of the recent war in ukraine more so than ever before this particular war proves to be a truly pivotal moment for the eu drawing on expert contributions from both academia and the eu institutions this book offers a masterful exploration of how the eu is being challenged to the core

this is the first comprehensive review of the intergovernmental committee igc of the world intellectual property organization wipo established in 2000 it provides an in depth consideration of the key thematic areas within wipo discussions genetic resources grs traditional knowledge tk and traditional cultural expressions tces through the perspectives of a broad range of experts and stakeholders including indigenous peoples and local communities it also looks at how these areas have been treated in a number of forums and settings including national systems and experiences and also in trade agreements and the interface with wipo discussions furthermore the book analyses the process and the negotiation dynamics since the igc received a mandate from wipo members in 2009 to undertake formal text based negotiations towards legal instruments for the protection of gr tk and tces while there has been some progress in these negotiations important disagreements persist if these are to be resolved the adoption of these legal instruments would be a significant development towards resolving key gaps in the modern intellectual property system in this regard the book considers the future of the igc and suggests options which could contribute towards achieving a consensual outcome

this handbook covers all major aspects of eu cohesion policy one of the most significant areas of intervention of the european union over five parts it discusses this policy s history and governing principles the theoretical approaches from which it can be assessed the inter institutional and multi level dynamics that it tends to elicit its practical implementation and impact on eu member states its interactions with other eu policies and strategies and the cognitive maps and narratives with which it can be associated an absolute must for all students of the eu

security strategies of middle powers in the asia pacific examines what drives the different regional security strategies of four middle powers in the asia pacific australia indonesia south korea and malaysia drawing on the extant middle power literature the authors

argue that the regional security strategies of middle powers could take two forms namely functional or normative a functional strategy means that the middle power targets its resources to address a specific problem that it has a high level of interest in while a normative strategy refers to a focus on promoting general behavioural standards and confidence building at the multilateral level this book argues that whether a middle power ultimately employs a more functional or normative regional security strategy depends on its resource availability and strategic environment

indonesia a nation of thousands of islands and almost 250 million people straddles the junction of the pacific and indian oceans current president susilo bambang yudhoyono has presided over 6 per cent average yearly growth of its economy to surpass 1 trillion if this rate continues indonesia will join the world s ten biggest economies in a decade or so just behind the so called bric countries the much discussed recent documentary the act of killing revived some of its darker past and barack obama s reminiscences about the childhood years he spent there briefly shone the spotlight on a country many americans know little about yet as indonesia approaches its 2014 parliamentary and presidential elections its future is wide open though the largest muslim nation by population it remains a receiver of wisdom from the arab world rather than a messenger of multi religious tolerance its pursuit of trade agreements with japan and south korea have burnished its economic ambitions but its diplomacy is long on so called soft power and short on sanctions or force so what does the future hold for this pivotal place award winning asia pacific journalist hamish mcdonald s demokrasi is an accessible and authoritative introduction to the modern history and politics of this fascinating country

special edition of the federal register containing a codification of documents of general applicability and future effect with ancillaries

education is intimately connected to many of the most important and contentious questions confronting american society from race to jobs to taxes and the competitive pressures of the global economy have only enhanced its significance elementary and secondary schooling has long been the province of state and local governments but when george w bush signed into law the no child left behind act in 2002 it signaled an unprecedented expansion of the federal role in public education this book provides the first balanced in depth analysis of how no child left behind nclb became law patrick mcguinn a political scientist with hands on experience in secondary education explains how this happened despite the country s long history of decentralized school governance and the longstanding opposition of both liberals and conservatives to an active reform oriented federal role in schools his book provides the essential political context for understanding nclb the controversies surrounding its implementation and forthcoming debates over its reauthorization how the struggle to define the federal role in school reform took center stage in debates over the appropriate role of the government in

promoting opportunity and social welfare he places the evolution of the federal role in schools within the context of broader institutional ideological and political changes that have swept the nation since the 1965 elementary and secondary education act chronicles the concerns raised by the 1983 report a nation at risk and shows how education became a major campaign issue for both parties in the 1990s mcguinn argues that the emergence of swing issues such as education can facilitate major policy change even as they influence the direction of wider political debates and partisan conflict mcguinn traces the republican shift from seeking to eliminate the u s department of education to embracing federal leadership in school reform then details the negotiations over nclb the forces that shaped its final provisions and the ways in which the law constitutes a new federal education policy regime against which states have now begun to rebel and that only by understanding the unique dynamics of national education politics will reformers be able to craft a more effective national role in school reform
