international business law cases and materials is a timely and useful book uncoun-  
ted millions of international transactions occur daily as goods and services are purchased  
across the national boundaries of some 200 political units capital flows from nation to  
nation and so to a lesser extent do jobs as companies seek more favorable locations for  
their business operations the rules laws governing these exchanges quickly become  
complex as persons and governments from different countries are involved if problems arise  
in a cross border relationship whose rules apply what forums are available to resolve  
disputes are there tax implications to the transaction if so where these and similar questions  
need to be factored into the decision to go overseas each of the six chapters in this book  
begins with a brief overview of the subject matter followed by short previews of the chosen  
case examples the primary content of the chapters consists of some 120 court and  
arbitration decisions in real disputes between real parties the actual text of the decisions in  
these cases has been edited some excerpts are quite brief others are more substantial most  
background facts have been summarized by the author but the edited decision part of each  
case is quoted from the actual recorded text of the court or arbitrator who decided it clearly  
a minute sample from tens of thousands of cases cannot provide comprehensive coverage  
of what all the world's legal rules are our objectives here are simply to indicate some of the  
major potential flash points of doing international business to illustrate some of the  
significant differences in the applicable legal rules and to provide an exposure to the  
language and process by which international business disputes are resolved fore warned is  
fore armed being aware of these potential trouble spots a sensible business manager will  
presumably consider them in making the decision to engage in cross border transactions  
and take appropriate steps to avoid or minimize potential adverse consequences chapter i of  
this book introduces international law its course of development and its two major sources  
custom and treaties chapter ii examines the use of national and international courts and  
arbitrators to resolve cross border disputes chapter iii provides basic coverage of the united  
nations convention on contracts for the international sale of goods when it applies how the  
sale contract is formed when risk of loss on the goods passes from seller to buyer and what  
responsibilities the seller has for the quality of the goods sold chapter iv looks at some of  
the legal questions that might arise in conducting cross border commercial operations  
employment issues intellectual property issues and investment issues chapter v considers  
potential questions regarding taxation of international activities and the regulation of  
adverse environmental effects chapter vi reviews the efforts by national governments to  
apply their competition regulations to international business transactions and the difficulties  
that private parties might have in attempting to enforce legal claims against governments  
and their agencies while these are surely not the only legal issues that might arise in  
connection with international business they do constitute a significant set of concerns of

which managers need to be aware as they venture into the international stream of commerce
