this text is an authoritative guide for new teachers and those new to the concept of using social studies as a base of instruction the master teacher who has authorized this well respected publication emphasizes the importance of teaching the social studies in the overall early elementary school curriculum while spending the necessary time and intellectual energy developing reading and mathematical skills practical strategies for incorporating the teaching of social studies into daily class plans gives teachers the tools they need to use social studies as a base of instruction important notice media content referenced within the product description or the product text may not be available in the ebook version

the author wrote this new edition of the most popular elementary social studies methods text on the market with the following three goals in mind to present the most powerful social studies content and pedagogy for children in elementary school to offer the material in simple and accessible ways and to write in a first person active voice the purpose of this book is to introduce new teachers to the world of social studies teaching and learning in elementary and middle schools geography history government and the other social sciences are delivered into the palm of the new teacher s hand along with a suite of tools for bringing social studies to life in the classroom the book is organized into three sections the first orients the reader to the mission of social studies education to the increasingly diverse children we teach the second concentrates on the curriculum and the third deals with instruction how we plan and teach this curriculum three central themes continue to pervade the book democratic citizenship diversity and the social sciences to ultimately encourage teachers to excite their students about closing the gap between social realities and democratic ideals an exceptionally strong chapter on multicultural issues chapter 2 helps future teachers truly understand the changing demographics of the american classroom

social studies for secondary schools teaching to learn learning to teach second edition integrates discussions of educational goals and the nature of history and social studies with practical ideas for organizing social studies curricula units lessons projects and activities a major theme woven throughout the text is that what we choose

to teach and the way we teach reflect our broader understanding of society history and the purposes of social studies education each chapter opens with a broad question about social studies education provides many examples of lessons including lesson ideas developed by new and experienced middle school and high school social studies teachers features a rich variety of teaching learning and classroom activities designed to provoke discussion and illustrate different approaches to teaching social studies and concludes with essays about related social studies topics part i focuses on philosophical issues social studies goals and standards and the design of social studies curricula part ii examines and offers examples of strategies for planning units and lessons part iii explores topics such as thematic and interdisciplinary teaching a project approach to social studies as well as assesses student learning and one's own performance as a teacher and provides a guide to social studies resource materials and organizations new in the second edition every chapter has been updated and includes a number of new lesson ideas the lesson ideas are designed especially to help beginning teachers address learning standards work in inclusive settings and promote literacy and the use of technology in social studies classrooms sample activities developed with members of the Hofstra New Teachers Network reflect the current focus on document based instruction and assessment and can serve as tools for assessing student learning increased attention is given to project based social studies instruction and to multicultural education intended as a text for undergraduate and graduate preservice social studies methods courses this text is also useful for in service training programs as a reference for new social studies teachers and as a resource for experienced social studies educators who are engaged in rethinking their teaching practice

the document contains a collection of 13 articles on the problems and challenges facing social studies educators in the 1980s the objective is to offer the classroom teacher direction for evaluating the rationale and content of social studies education chapter one defines the purpose and nature of social studies chapter two discusses the importance of citizenship education as a role of social studies while social studies contribution to the humanistic experience is examined in chapter three chapters four through eight consider the range of knowledge and understanding in the social studies including history geography cultural pluralism urbanization and a global perspective as well as law related education and career education chapters nine and ten focus on basic and societal skills such as reading writing and decision making while chapter eleven discusses values education as a major objective of the social studies chapter twelve examines the roles societal forces play in social education

and the importance of educators recognizing and understanding these forces the final chapter discusses social studies teachers in relation to an unpredictable future and emphasizes the need for ongoing teacher education

ck
advancing social studies education through self study methodology provides a collection of works that highlights ways in which self study of teaching and teacher education practices can advance conversations and knowledge in social studies education some of the pieces chosen for this book will provide theoretical connections between the two fields e g how values and principles important to both fields work together are similar and can help each field expand others will provide specific examples of self studies that focus on social studies specific concepts the book provides a strong and clear introduction of self study to the field of social studies education as well as an argument for its use to further understand social studies teaching and teacher education it also provides the self study community with an example of how self study can be used to look at content specific aspects of teaching and teacher education

contents objectives in teaching social studies scope and sequence in the social studies trends and issues in the social studies learning opportunities in the social studies pupil learning in the social studies reading in the social studies writing in the social studies social studies children s literature grouping for instruction in the social studies leadership in the social studies social studies and democracy in the classroom technology in the social studies curriculum maps globes and the social studies current events in the social studies social studies integrating school and society measurement and evaluation in the social studies social studies in teacher education restructuring the social studies a public debate

randi stone has assembled an exciting collection of teaching methods to benefit all learners the book brings together an esteemed group of teachers who are to be congratulated for sparking interest in a subject that is too often taught solely from a textbook heather e robinson fifth grade teacherdesert canyon elementary school scottsdale az adopt or adapt these exemplary social studies strategies from the nation s best teachers randi stone transports readers into the lively classrooms of award winning teachers in this collection of outstanding methods for teaching social studies to diverse elementary middle and high school learners like its companion

volumes for teaching writing mathematics and science best practices for teaching social studies presents firsthand accounts from educators offering fresh ideas and inquiry based techniques to build student confidence increase academic achievement and develop critical thinking skills highlights include master teachers tips on how to organize and produce oral history projects use technology to explore diversity teach the art of geography and the geography of art put the social back into social studies and more beginning and experienced teachers alike will discover an abundance of creative teaching practices to strengthen the social studies curriculum

the second edition of 50 social studies strategies for k 8 classroom offers practical social studies strategies that align with the nc ss curriculum standards 50 social studies strategies for k 8 classroom houses general and specific strategies that are categorized by the nc ss curriculum standards meet the needs of specific grade level designations and cover distinct social science disciplines including history civics geography economics political science anthropology and literacy k 8 social studies teachers

fragmentation directionlessness and a lack of uniformity have created a crisis in social studies education to understand how social studies reached this point and analyze where it needs to go it is useful to consider the evolution of the discipline in relation to significant social and intellectual periods in american history social studies curricula began to emphasize citizenship training as a response to the population shifts and immigration of the post civil war era the growth of professional social studies organizations and increased standardization of the curriculum were a reflection of the social reforms of the 1800 s through the 1930 s during these years educational leaders proposed a variety of approaches to social studies teaching including the civic centered approach the social problems approach and the individualized approach a new social studies emerged in the late 1950 s as a by product of the cold war characterized by an anything goes attitude it spawned creative innovations but also divided method content and ideology in the field this lack of definition has reached a critical point with the current back to basics movement the development of a nationalized framework of instruction is essential to correct the present situation the necessary nationwide revisions in social studies curriculum scope and sequence require cooperation from all levels of the profession

this volume fills a significant gap in the scholarship on social studies education by providing thoughtful

reflections on research methods in the field it is not a how to guide but an exploration of key issues related to the design and implementation of empirical studies the authors are active researchers who use varied methods in diverse settings including historical research international comparative studies survey research interviews with students and teachers classroom observations self studies and action research and emancipatory methodologies they use their own experiences to examine such topics as the conceptualization of research questions relationships with participants researchers identities and elicitation of students and teachers thinking this collection should become indispensable for both beginning and experienced scholars in social studies

written in an easy to understand style this text provides a thorough coverage of the essential topics related to the teaching of social studies in secondary and elementary schools reflecting on the theoretical knowledge and practical skills required to teach social studies in an effective manner the text first introduces its readers to the various components study material scope and importance of social studies it then teaches the formulation of instructional objectives in social studies and brings out the principles of social studies curriculum as well as its relationship with other subjects of the school curriculum the book focuses mainly on improving the methodological concepts of the social studies teacher and in doing so discusses various methods of teaching evaluation and planning of lessons units and courses organization of social studies room and the equipment to be kept in it utilization of community resources and implementation of various co curricular activities it also examines certain innovative methods of teaching such as team teaching micro teaching and individualized instruction key features incorporates chapter outline at the beginning and chapter summary at the end of each chapter to help readers review the important topics provides chapter end questions for students to drill the topics discussed discusses various topics with the help of a number of figures and tables that facilitates easy understanding of the concepts this book is suitable for a course on teaching of social studies for the students of b ed and m a education it can also be used for the in service teacher education programmes organized by the central and state education boards

just as society has changed dramatically over the last century so have the social sciences this valuable reference chronicles the historical development of social studies as a discipline in elementary and secondary schools it also assesses the current state of teaching and research in the social sciences and history at the pre college level

and it charts new directions for the future of social studies in secondary and elementary schools by tracing the historical development of social studies the reference indicates how social studies has constantly been redefined to meet the changing needs and expectations of society at the same time the historical context provided by the authors sheds new light on the current state of social studies in the curriculum and the development of social studies in the future the book begins with introductory chapters that overview themes and issues common to all areas of history and the social sciences the chapters that follow summarize and assess the developments and trends of particular fields commonly thought to constitute social studies the volume concludes with chapters on broad topics including the place of religion in the social studies curriculum the role of writing in history and the social sciences and the professional training of social studies teachers each chapter begins with a section of reflections on the development of the discipline followed by a section on current issues and trends followed by a final section of projections for the future of the discipline the result is a comprehensive overview of the past present and future of social studies in elementary and secondary schools and an indispensable reference for educators historians and social scientists

in the tradition of social studies innovator peter martorella this readable accessible text offers prospective teachers a comprehensive introduction to teaching social studies to middle and secondary school students with the purpose of social studies being the development of reflective competent concerned citizens the text first examines the origins and evolution of social studies and citizenship education across the united states following this targeted chapters address the art science and craft of social studies teaching as a means for engaging learners in knowledge construction in the final section the authors look at ways to improve social studies instruction through the incorporation of emerging technologies and explore the implications of the rich cultural diversity within our nation

this handbook outlines the current state of research in social studies education a complex dynamic challenging field with competing perspectives about appropriate goals and on going conflict over the content of the curriculum equally important it encourages new research in order to advance the field and foster civic competence long maintained by advocates for the social studies as a fundamental goal in considering how to organize the handbook the editors searched out definitions of social studies statements of purpose and themes

that linked or divided theory research and practices and established criteria for topics to include each chapter meets one or more of these criteria research activity since the last handbook that warrants a new analysis topics representing a major emphasis in the ncss standards and topics reflecting an emerging or reemerging field within the social studies the volume is organized around seven themes change and continuity in social studies civic competence in pluralist democracies social justice and the social studies assessment and accountability teaching and learning in the disciplines information ecologies technology in the social studies teacher preparation and development the handbook of research in social studies is a must have resource for all beginning and experienced researchers in the field

this new edition of the most popular elementary social studies methods text on the market houses a wealth of content strategies tools and resources for teaching k 8 social studies writing with the same clarity friendly tone and solid content of previous editions parker details the mission of social studies education and explores the many ways this mission can be made to serve the full complement of learners in a diverse multicultural society he lays out the elements of a strong social studies curriculum explains effective teaching methods and presents a wealth of field tested examples exercises activities and lesson plans that will enliven every social studies classroom the fourteenth edition features integration with myeducationlab pearson s online learning environment designed to connect students with real teaching situations through assignable videos case studies artifacts and a personalized study tool

the newly revised edition of the social studies curriculum presents the definitive overview of the primary issues facing teachers creating learning experiences for students in social studies the book connects the diverse elements of the social studies curriculum global education social issues centered education and the roles of history and the arts and sciences thereby offering a unique and contemporary perspective one that separates it from other texts used in today s social studies classrooms thoroughly updated this edition includes new material on the use of literature in social studies classrooms inclusive education citizenship education and the impact of standards and high stakes testing on social studies curriculum and pedagogy

this book explores the use of film in teaching social studies moving beyond traditional methods to offer diverse

strategies and ideas it includes 24 chapters by notable scholars discussing the value and importance of cinematic social studies the book provides research and rationales for integrating film into social studies education
