arranged alphabetically each volume provides in depth coverage of pediatric diseases and disorders along with issues related to physical and cognitive behavioral development

the first evidence based book covering natural childbirth practices written by an obstetrician
natural birth plans have emerged as a battle cry of resistance among women who are dissatisfied with today s medically aggressive model of maternity care and high cesarean section rates however natural birth does not need to be a source of controversy or conflict between women and their nurses and doctors
natural labor and birth an evidenced based guide to the natural birth plan seeks to broaden the medical community s understanding of the motivations and needs of naturally laboring mothers while also exploring why natural birth is often so difficult to achieve within our current system and what can be done to change that it is a complete resource on the topic of natural childbirth teaching healthcare providers and other birth workers the skills necessary to assist a woman through an unmedicated birth and reviewing the compilation of medical evidence in support of those methods it demonstrates how natural birth can exist within the framework of traditional

antepartum care and hospital deliveries and offers alternative solutions to common challenges that often disrupt the physiologic birth process natural labor and birth an evidenced based guide to the natural birth plan is also an unbiased resource for pregnant women seeking a more thorough and scientific understanding of unmedicated birth this guide will help women and their partners make their own birth plans from a truly informed place it will help women understand the barriers they may face when seeking a natural birth and give them the ability to better communicate their needs and preferences by creating room for natural birth within our maternity system this book will help readers build a community of care where all women feel respected acknowledged and empowered during their birth experience

this book provides a framework and practical guidelines for managing women s health issues within the practice of physical therapy it enables students to develop and implement customized patient care plans to deal with a broad range of disorders and health issues that either primarily affect women or manifest themselves differently in women the book features a team of expert authors whose advice is based not only on a thorough investigation of the evidence but also on their own firsthand experience as physical therapists specializing in women s health issues

enclosed cd contains relaxation and birth rehearsal techniques

a new cover edition of the original book on hypnobirthing no one can truly understand what it s like to give birth until you experience it but hypnobirthing gives you the tools and knowledge to approach labour with confidence pioneered by marie mongan hypnobirthing is about understanding the birthing body what happens why and when and learning how to progress your labour using movement breath and powerful visualisation techniques to manage pain based on decades of practice within the hypnobirthing institute this complete guide takes you through labour step by step prepares you physically and mentally with exercises and birthing positions teaches hypnotism and visualisation techniques to manage pain and banish fear explains the medical jargon so you can understand and work with medical assistance if needed whether you are having a natural assisted or caesarean birth hypnobirthing will help every woman take control of their labour for a positive birth

childbirth can be an empowering and positive experience that you treasure for the rest of your life hypnobirthing teaches simple and gentle techniques that have a profound effect

hypnobirthing has gained momentum around the globe as a positive and empowering method of childbirth in fact more than 25 000 books were sold in 2014 through the author s website alone and according to nielsen bookscan over 70 000 were sold through reporting retailers since its publication in 2005 here s why hypnobirthing helps women to become empowered by developing an awareness of the instinctive birthing capability of their bodies it greatly reduces the pain of labor and childbirth frequently eliminates the need for drugs reduces the need for caesarian surgery or other doctor controlled birth interventions and it also shortens birthing and recovery time allowing for better and earlier bonding with the baby

which has been proven to be vital to the mother child bond what s more parents report that their infants sleep better and feed more easily when they haven t experienced birth trauma hypnobirthing founder marie mongan knows from her own four births that it is not necessary for childbirth to be a terribly painful experience in this book she shows women how the mongan method works and how parents they can take control of the greatest and most important event of their lives so why is birth such a traumatic event for so many women and why do more than 40 of births now end in caesarian section the highest percentage in history the answer is simple because our culture teaches women to fear birth as a painful and unsettling experience fear causes three physical reactions in the body tightening of the muscles reduced blood flow to the birthing muscles and the release of certain hormones which increase the pain and discomfort of childbirth this is not hocus pocus this is science

move over lamaze hypnobirthers say their form of deep relaxation takes the panting and pain out of labor time magazine hypnobirthing a celebration of life childbirth is not something to be feared it is a natural expression of life with hypnobirthing your pregnancy and childbirth will become the gentle life affirming process it was meant to be in this easy to understand guide hypnobirthing founder marie mongan explodes the myth of pain as a natural accompaniment to birth she proves through sound medical information that it is not our bodies but our culture that has made childbirth a moment of anguish and that when we release the fear of birth a fear that is keeping our bodies tense and closed we will also release the pain hypnobirthing is nature not manipulation it relaxes the mind in order to let the body work as it is designed the hypnobirthing exercises positive thinking relaxation visualization breathing and physical preparation will lead to a happy and comfortable pregnancy even if you are currently unsure of an intervention free birth your confidence trust and happy anticipation will in turn lead to the peaceful fulfilling and bonding birth that is your right as a mother more than 10 000 happy couples have had their lives changed for the better by hypnobirthing more than 500 news organizations including good morning america the today show dateline the richard judy show time newsworld parenting and better homes gardens have joined the movement for better birthing why is hypnobirthing changing the way the world gives birth that s simple because it works

hypnobirthing is a popular and proven method of birth preparation that uses a series of simple but effective techniques to help facilitate a calm confident and positive birth experience why hypnobirthing matters looks at the origins and rationale for using hypnosis for childbirth explains what you can expect from hypnobirthing and dispels common misunderstandings in a lively informative way this revised second edition includes up to date evidence and resources discusses the impact of the covid 19 pandemic and social media on birth and birth preparation and explains how hypnobirthing has become firmly established as a valuable tool for parents preparing for the birth of their baby katrina berry is a clinical hypnotherapist weaving modern psychology with ancient wisdom she has shared hypnobirthing with thousands of couples world wide attended dozens of births and is passionate about helping babies arrive calmly and comfortably to confident positive parents praise for the first edition hypnobirthing is the best way to experience the exceptional design

of the human body it gives you the correct tools to switch off the unhelpful voices and switch on the expert in you there s no going back from there kat berry has eloquently and succinctly explained everything you need to know a great read jacqui tomkins chair of independent midwives uk imuk

this book will make your birth better it is for every parent and every type of birth expert hypnobirthing teacher and founder of the positive birth company siobhan miller has made it her mission to change the way we approach and experience birth through her teaching she seeks to educate and empower parents and their birth partners so that they can enjoy amazing and positive birth experiences however they choose to bring their babies into the world so what is hypnobirthing essentially it s a form of antenatal education an approach to birth that is both evidence based and logical hypnobirthing certainly doesn t involve being hypnotised instead it teaches you how your body works on a muscular and hormonal level when in labour and how you can use various relaxation techniques to ensure you are working with your body rather than against it making birth more efficient and comfortable siobhan s advice and guidance will change your mindset and enable you to navigate your birth with practical tools that ensure you feel calm and in control throughout by the time you finish this book you ll feel relaxed capable and genuinely excited about giving birth

hypnobirth theories and practice for healthcare professionals is a guide for healthcare providers who work with expecting mothers and their loved ones yulia watters applies the theory and application of milton erickson to hypnosis during pregnancy childbirth and post partum including an overview of the history of hypnosis hypnobirth does not offer a magical way to a pain free birth but rather an understanding of how hypnosis can address certain symptoms as well as unexpected circumstances associated with pregnancy and delivery healthcare professionals will develop a deeper understanding of the potential of hypnosis and how to practice its tools on a daily basis learning to view hypnosis as a state of mind and way of being as well as acquiring concrete techniques for its implementation this work is particularly important to healthcare professionals looking to learn about hypnosis and its specific tools which they can teach expectant mothers during pregnancy and birthing

55 off for bookstores now at 10 33 instead of 22 97 last days do you want to know everything about hypnobirthing many people assume that their labour will follow a certain path yet no two births are the same and labour does not always unfold the way that they would like it to so in a hypnobirthing course you learn to have an open mind and be ready to embrace the other possible scenarios should they arise working on hypnobirthing regardless of whether it s at a class with a book or cd may assist you with feeling progressively arranged and in control when work begins it might assist you with adapting to nerves in the event that you had a past awful birth understanding hypnobirthing may lessen the requirement for medications and therapeutic intercession be that as it may you can have extra relief from discomfort also on the off chance that you need to it very well may be added to any birth plan and the strategies can be utilized any place you conceive an offspring in a medical clinic or birth focus or at home hypnobirthing may profit you after birth as well with some proof indicating that it can bring down the opportunity of postnatal

wretchedness hypnobirthing can enable your introduction to the world to accomplice assume an increasingly dynamic job during work you and your baby are the main people and you should be able to go into childbirth untroubled and joyful less information is more in this case there is no reason to be afraid or let yourself be unsettled nature has arranged it so that you can have an easy birth the best way to do this is to keep you from all the negative stories do not listen to all the other women the media and what all the people in your environment want to tell you just add your favorite i want to show you how you can differentiate what your inner voice tells you and what feelings come from your subconscious mind this insecurity can drive you crazy you will run from one guidebook to the other and never feel right but your baby needs your strength and self assurance if you are weak and helpless how does your child feel the best preparation for the birth is therefore to listen to your inner voice another point that is at least as important is the contact with your child this bond is so incredibly important for a smooth birth you also give your baby the security to follow its natural instinct you cannot change your partner but you know him and his behavior and views discuss everything in detail it is important that you clearly define your wishes and also clearly communicate them to him make a plan of birth and thoughts on how you want his support this book covers how your mind works the mind body connection taking control the fear factor fear and childbirth getting to know your fears letting go of fears preventing fear during labour relaxation and self hypnosis affirmations pain control how does hypnosis stop pain getting ready to give birth tips for a positive birth experience tips for birthing partners creating a birth plan going into labour positions for giving birth 55 off for bookstores now at 10 33 instead of 22 97 last days you will never stop using this awesome cookbook buy it now and get addicted to this amazing book

hypnotherapist and experienced doula sophie fletcher shares with you the secrets to having a safe and positive birth experience using a powerful combination of mindfulness hypnosis and relaxation techniques sophie will ensure you feel genuinely excited and completely prepared for birth with stories from women who have successfully used the tools in this book and downloadable hypnosis and relaxation tracks discover how to use your mind and body together to stay focused and in control draw on visualisation and breathing techniques to help birth progress feel positive and empowered before during and after you give birth reassuring practical and based entirely on what works mindful hypnobirthing is your essential guide to having a calm and confident birth experience
