Bachelard Gaston Bachelard Gaston Bachelard Gaston BACHELARD Gaston Bachelard Norman S. Greenfield Alain de Mijolla Northrop Frye John Taggart John Frosch A. de Mijolla James Hillman Gaston Bachelard Paulo de Carvalho Neto Thomas McEvelley Los Angeles County Public Library

bachelard is neither a self confessed and tortured atheist like satre nor like chardin a heretic combining a belief in god with a proficiency in modern science but within the french context he is almost as important as they are because he has a pseudo religious force without taking a stand on religion to define him as briefly as possible he is a philosopher with a professional training in the sciences who devoted most of the second phase of his career to promoting that aspect of human nature which often seems most inimical to science the poetic imagination j g weightman the new york times review of books

autodidacte adopté par la sorbonne bachelard fait songer à un faune rêveur et barbu invité au banquet des philosophes de quel bois se chauffent les poètes le charme de cette cosmogonie miniature tient dans l'allure presque dansante d'une écriture promenade où le feu sert de principal aliment à l'imagination celle d'un la fontaine qui aurait remplacé les animaux par les éléments

the history of psychoanalysis in 50 countries shows the relationship between psychoanalysis and other disciplines with entries discussing writers philosophers literary movements and historical events

this volume which collects northrop frye's writings on the theory of literary criticism from the middle period of his career includes one of frye's own favourites the critical path 1971 a highly important marker of frye's career the critical path openly addresses topics that he had previously been reluctant to discuss as fully including the importance of literature to society

the responsibilities of critics and the deeper rationales for studying literature filled with insightful texts that indicate his transition from literary critic to a theorist of language myth and human culture this edition helps to illuminate many of the ideas and arguments that would appear later in the great code and words with power accompanied by the rigorous scholarship for which the series is renowned this is another valuable contribution to literary criticism and theory

the history of psychoanalysis in 50 countries shows the relationship between psychoanalysis and other disciplines with entries discussing writers philosophers literary movements and historical events

this book collects all of james hillman s papers on the alchemical imagination from 1980 to the present therapeutic value of alchemical language silver and the white earth i ii alchemical blue and the unio mentalis salt a chapter in alchemical psychology rudiments fire ovens vessels fuel glass the imagination of air and the collapse of alchemy the yellowing of the work white supremacy concerning the stone alchemical images of the goal the azure vault caelum as experience

examines the lives works and influence of ancient and contemporary world philosophers from pythagoras and jalal al din rumi to elie wiesel and alison m jaggar and analyzes the authorship and historical context of ancient works

when the elephant walks he scares the bear who runs away and scares the crocodile who runs away and scares the wild hog in this never ending animal story

for seven years from 1956 to 1962 a young french artist electrified the european art world with visual conceptual and performance art works far ahead of their time his rise was wildly celebrated by some as the appearance of a prophetic genius and derisively dismissed by others as scandalous nonsense his monochrome paintings body art works fire paintings

conceptual exhibitions and music and monumental public space works threatened to upend the very categories of art in both europe and america indeed after his tragically premature death in 1962 some of the most far reaching transformations in contemporary art would follow directly in his wake but by the 1970s his reputation seemed headed for oblivion until in 1977 a young classics scholar at rice university thomas mcevilley proposed klein for a retrospective show to dominique demenil then director of the rice gallery and wrote several texts about klein that would transform our understanding of yves klein s aesthetics the project grew to involve major institutions resulting in 1982 with exhibitions in houston new york paris and chicago virtually overnight yves klein s art reentered the art canon coincidentally the career of an important critic was launched yves the provocateur collects those writings of thomas mcevilley which rejuvenated klein s stature and hitherto were only available in journals and exhibition catalogues in effect it provides the skeleton key to clearly examine the full dimensions of klein s accomplishment in two opening essays mcevilley briefly surveys and places klein s art into context then in the centerpiece essay which amounts to a miniature critical biography bearing all the best features of a novella he traces the formative and crucial events in klein s life finally he describes klein s intellectual development demonstrating how klein embedded and parodied in his work the philosophical system of a particular form of rosicrucianism

Thank you for downloading
