this comprehensive text for students in criminal justice victimology and victims issues examines past and current victimological studies and information the authors discuss crime victims in relationship to the criminal justice system including the police courts and corrections in addition women children elderly and minority victims are addressed as well as international victim systems and crime prevention strategies this text is a thorough and complete analysis of victims issues

victims of crime is the ideal core textbook for victims of crime and general victims courses and an excellent resource for researchers practitioners victims rights advocates and those who deal with victims in the fields of law social work counseling and criminal justice using an engaging and comprehensible format editors robert c davis arthur j lurigio and susan herman provide a synopsis of the contemporary literature and debates on significant topics in the field of criminal victimization they focus on the emerging issues and policies in the areas of violence abuse and victims rights and the latest research and studies in the fields of victim rights and crime prevention the fourth edition has been thoroughly revised and updated to include newly contributed and updated chapters utilizing the latest research and studies from experts in the field it has a stronger focus on emerging issues and policies in

the field of victimology than other comparable texts and it offers the most current research thinking and best practices regarding crime victims and crime victim services

a changing sociopolitical climate demanding tougher treatment on criminals and the growing activism of grassroots groups fighting for victims rights have drawn attention to victims of crime victimology is a new and growing discipline that has influenced public policy on many different levels this collection contains readings on the history of the study of victims the relationship between victims and the criminal justice system and the various aspects of research on victimization some of the articles focus on topics that have surfaced only recently including victims of white collar crime victimization by corporate crime victims of hate crimes and the victimization of college students the goal of the editors is to familiarize readers with the fundamental issues regarding victims of crime and to encourage reflective thinking about this important aspect of criminal justice

crime victimization patterns impact and system response provides students with an introductory examination of the discipline through the writings of criminologists who have made the crime victim rather than the perpetrator the principal subject of their analysis in section i students read about the historical evolution of the victim s rights movement and the recognition of the term crime victim in state and federal laws and policies as well as criminal justice discourse section ii examines various methods of obtaining data on crime victimization statistics on the prevalence of certain types of victimization and the measurement of other victim related matters such as public fear of crime and risk of crime section iii addresses typologies and theories of crime that incorporate the victim s behavior and characteristics in explanations of the criminal event in section iv students learn about the dynamics of certain types of victimization and their psychological and financial impacts on victims their families and society at large the final section discusses responses to crime victimization by social services agencies and the criminal justice system multidisciplinary in nature crime victimization is well suited for courses in criminal justice criminology sociology public administration health services and social work karol lucken is a professor of criminal justice in the college of communication innovation and education at the university of central florida she holds a ph d m s and b s in criminology from florida state university she has authored or coauthored a number of books and scholarly articles in such journals as international review of victimology journal of interpersonal violence critical criminology and criminology and public policy to name a few

crime victimization a comprehensive overview provides students with a broad picture of the work done to draw attention to crime victims and the overall effects of victimization including victim needs for recovery from crime this text explores victimization at the street crime level but also delves into less commonly discussed types of victimization including state and corporate crime hate crime cybercrime environmental crime and workplace violence this text addresses the full spectrum of victimization from victimless crimes to repeat victimizations and provides students with an understanding of why victimization occurs how victims deal with the aftereffects what services are available to victims and how professionals in the criminal justice medical religious and therapeutic fields can both help and hinder victims journeys toward recovery the evolution of the victims rights movement along with the development of national victim service organizations important pieces of legislation and international victimological associations are presented to provide students with an idea of the work that practitioners activists and researchers have done to both improve services to and enhance our understanding of crime

victims overall crime victimization provides a global understanding of victimization to highlight the impact of the crime phenomenon on the overall human condition additionally students are introduced to burgeoning developments in the victim services field along with profiles of victimologists victims rights activities and victim service providers to help them identify the impact they can have on the field of victimology and on individual crime victims in their chosen fields crime victimization a comprehensive overview by quinn and brightman is a unique engaging and timely addition to the current market of victim centered texts in both its organization and coverage of topics profiles of victimologists and victim advocates not only introduce students to opportunities for careers in the field they present the reality of such work including these profiles is only one way this text fills a gap in the market in addition issues not commonly focused on by other authors such as the needs of crime victims and victim advocates and issues new to the field such as the challenge of addressing crime victimization in the age of social media offer students new ways to think about the field of victimology ashley g blackburn ph d university of houston professors quinn and brightman have constructed a comprehensive review on the issues surrounding violence and victimization this readable book includes the mainstays of victimology texts while incorporating new themes in victimology that are often overlooked such as cyber and environmental crimes additionally the text includes chapters addressing victim s rights as a result this well rounded book can be used as a resource for both academics and practitioners alike tammy garland ph d university of tennessee chattanooga an extensive overview of the burgeoning but vastly understudied area of victimology and victimization provides a broad and comprehensive introduction to an area often while going into enough discussion that the reader is able to know and understand the historical and contemporary contexts of each area of victimology ava t carcirieri criminal justice review 40 4 the following teaching materials are available electronically on a cd or via email please contact beth hall at bhall cap press com to request a copy and specify what format is needed teacher s manual with chapter outlines discussion questions and additional materials in word pdf formats test bank is also available in separate files by chapter in txt and blackboard formats other lms formats may be available via respondus powerpoint slides are available upon adoption sample slides from the full 364 slide presentation are available to view here email bhall cap press com for more information

an examination of the impact of victimization on those who are victimized their response to the crimes and the services needed for crime victims it looks at the traditional victims women and children as well as some usually neglected groups such as victims of abuse of power and state terrorism

this edition provides up to date reports on criminal victimization including current trends the emotional impact of crime the needs and problems of certain victims and victim participation in the criminal justice system

analyzing the findings of 20 studies involving more than 5 000 people this book explores the decision making process of the crime victim in the immediate aftermath of victimization using a broad range of innovative research techniques the authors assess the effects of rape robbery burglary and theft on individuals from diverse nationalities and ethnic backgrounds this work will be of value to people who work directly with crime victims and to researchers who are interested in the process of decision making under stressful circumstances

there has been a great deal of research on criminal victimization legislation supporting victims and victim programmes and services but no book has taken recent stock of these advances victims of crime provides a state of the art review of many facets of criminal victimization and many of the efforts that have been made to ameliorate the pain and loss of crime victims it is a book which will be of great interest to academics and students of the criminal justice system and anyone involved in the help and support of crime victims

this book offers a comprehensive examination of the many forms of victimization of immigrants including trafficking in persons for sexual exploitation and forced labor assaulting robbing and raping refusing to pay wages renting illegal living space that violates health codes and domestic abuse both in general and in particular of mail order brides mcdonald examines a broad range of quantitative and qualitative data from historical and international sources including the usa canada mexico britain australia france germany italy sweden the netherlands switzerland austria poland and spain he writes with a view to correcting myths about the relationship between immigrants and crime noting that immigrants are more likely to become victims than offenders the book outlines the multiple forms and contexts in which immigrants are victimized exploited and harmed reviewing micro and macro level victimological and sociological theories as they apply to patterns and forms of immigrants victimization this study ultimately seeks to understand reasons for which immigrants are victimized by their own kind and by persons outside their community

first published in 1997 routledge is an imprint of taylor francis an informa company

focusing on key issues themes and concepts within victimology this edited collection provides an accessible and comprehensive critical analysis of crucial areas within victimisation the main theories are related to and integrated with empirical research in an engaging style dr anette ballinger keele university this book achieves the rare feat of helping its readers without patronising them the aids to the reader tables boxes glossaries questions and suggestions for further reading will prove genuinely helpful to students and their teachers but they appear within a text that is theoretically informed as well as comprehensive and up to date in its coverage it deserves to be widely read and used in the teaching of criminology victimology and criminal justice professor david smith university of lancaster uk organized around the intersecting social divisions of class race age and gender the book provides an engaging and authoritative overview of the nature of victimisation in society in addition to a review of the major theoretical developments in relation to understanding aspects of victimization in society individual chapters explore the political and social context of victimisation and the historical comparative and contemporary research and scholarly work on it each chapter includes the following background and glossary theory research and policy review thinking critically about sections reflections and future research directions summary and conclusions annotated bibliography victims crime and society is the essential text on victims for students of criminology criminal justice community safety youth justice and related areas

this book covers the scope of crime victims suffering in the u s offering a history of victims and the measurement of victimization an explanation of the victim s role in the criminal justice process and a recounting of the issues crime victims face as a result of crime and the criminal justice process doerner and lab both well regarded scholars write compellingly about how the current criminal s justice system

can be transformed into a victim's justice system theory is woven together with the description of each topic and specific examples illustrate each point the book goes on to address the full impact of victimization and a final section details specific types of victimization ranging from violent crimes including child and elder abuse to property crime to crime in the school and in the workplace the authors explain how obstacles hinder the pursuit of justice and provide significant policy and programming suggestions to render the system more victim friendly appropriate for undergraduate as well as early graduate students in victimology courses in criminology criminal justice sociology and justice studies programs this book offers rich pedagogical features and online student resources as well as test bank powerpoint lecture slides and sample syllabus for instructors

from white collar to environmental crime and hate crime to sexual violence the study of victims and of the processes of victimisation is indispensable to understanding the full scale of the effects of crime in society in this book basia spalek offers a theoretically detailed and empirically rich account of how victimology has developed into a field that transcends academic disciplines and brings together researchers practitioners activists and community members this second edition of crime victims continues to be a comprehensive and up to date overview of the historical social political and cultural issues and trends in approaches to victims and victimisation it introduces victimological theory explores the impacts of crime on victims and the challenges involved in developing victim support services in addition acknowledging the increasing recognition of trauma as central to understanding victimisation it includes a therapeutic toolkit for victims offenders and practitioners working in and with the criminal justice system with cutting edge research and case study sections added at the end of each chapter to highlight victimology as a vibrant and continuously developing field crime victims is an essential resource to a broad audience ranging from students of victimology criminology and sociology to practitioners and professionals
