psychological criminology addresses the question what is it about individuals and their experiences that cause them to commit crime and or to become criminal this book provides a comprehensive coverage of psychological theories of crime and criminality exploring theories focusing on factors present at birth human nature heredity theories that focus on factors that influence the offender over the lifespan learning development and theories focusing on factors present at the crime scene it emphasizes the connections among the different approaches and demonstrates how taken together rather than as rival explanations they provide a more complete picture of crime and criminality than each provides individually theories are arranged throughout the book in a temporal sequence from distal to proximal causes of crime the analysis spans 100 000 years from the evolutionary roots of criminal behaviour in the ancestral environments of early humans on the african savana to the decision to engage in a specific criminal act key features of the book include a focus on theory explaining crime and criminality an integrative approach accessible to readers who do not have a background in psychology psychological criminology highlights the contributions that psychological theory can make to the broader field of criminology it will be of interest to students academics researchers and practitioners in both criminology and forensic psychology

the book provides a comprehensive coverage of psychological theories of crime and criminality emphasising the connections among approaches and to show how taken together they provide a more complete picture of crime and criminality

visual techniques for applying criminological theory to social science research introducing criminological thinking maps theories and understanding is an accessible and user friendly criminological theory text for

students instructors and researchers in addition to the unique use of concept maps mind maps and other visual techniques to consider theory based inquiry this text combines an exploration of the core elements of theory with relevant examples drawn from biology psychology sociology critical traditions and integrative efforts unlike in other theory texts the chapters are arranged by level of explanation to help students understand how theories from different disciplines interact with each other as a foundation for many contemporary criminological theories authors jon heidt and johannes wheeldon have developed a seven step model to identify key aspects of different theories including their historical and social context base assumptions scope problem foci terms concepts related research and practical ramifications this text offers both a student friendly theoretical discussion and accessible visual examples to explain criminological theory and its applicability to social science research

the essays collected together in this volume explore a development in criminology the emerging paradigm of integrative study the integrative wave covers both mainstream and critical criminologies and is part of a larger and emerging paradigm of interdisciplinarity that transcends east west and north south relations this book is essentially devoted to the value and practice of interdisciplinary criminology the contributions aim to represent the full array of integrative thinking and analysis and are divided into five parts

first published in 1997 this is a book about the different ways in which crime and criminal behaviour has been explained in modern times it will be seen that there are different explanations or theories which have been proposed at various times during the past 200 years by among others legal philosophers biologists psychologists sociologists and political scientists

written by the three leading experts in the field this book combines an introduction to the sources and methods of epidemiological criminology and an application of these methods to some of the most vexing problems now confronting researchers and practitioners in public health and criminology the book describes explains and applies the newly formulated practice of epidemiological criminology an emerging discipline that links methods and statistical models of public health particularly epidemiological theory methods and models with the corresponding tools of their criminal justice counterparts the book also applies epidemiological criminology as a practical tool to address population issues of violence and crime on a national and global basis provided by publisher

first published in 1997 routledge is an imprint of taylor francis an informa company

this significantly expanded edition of essential criminology covers the broadest range of criminological theories the essential criminological theories from longstanding ones such as classical theory and strain theory to recently introduced ones such as ultra realism and green cultural criminology whether all are essential depends on one's theoretical stance the value of this text is its carefully designed comparative analysis which helps readers consider their relative contribution to the field originally designed as an alternative to lengthy and expensive introductory texts essential criminology provides a concise yet comprehensive overview of the field the book offers a clear structured student friendly critical analytical examination of the nature of crime theories of crime causation and their criminal justice policy implications causal theories covered range from micro level classical and rational choice to biological psychological social learning social control and interactionist perspectives to macro level social ecology anomie strain conflict marxist feminist and postmodernist theories over its 26 year history the book has added new theoretical perspectives as these have gained prominence new to this edition are chapters on critical and ultra realism and critical green criminology and discussions of zemiology critical race theory and quantum holographic criminology the authors have also expanded some theoretical frameworks that had previously been underdeveloped such as opportunity theory subcultural theory and social

constructionism essential criminology contextualizes criminology in the globally interdependent 21st century addressing the crimes of terrorism global pandemics and climate change with its cutting edge updates illustrative real world examples and student friendly study tools including analytically comparable summary charts exposing each theory's ontological assumptions this text was designed primarily for undergraduate criminology courses but has also been adopted by community colleges and graduate programs in criminology sociology and political science

this book is intended for introduction to criminology course taught at sophomore level out of both criminal justice and sociology programs

integrating criminologies is both a critique of disciplinary criminology and a synthesis of the emerging paradigm of interdisciplinary criminology the author attempts to bring biology psychology sociology law economics feminist studies media studies and ethnic studies into an integrated criminological whole this book presents an integrative interdisciplinary approach to understanding crime and social control it integrates modernist and postmodernist sensibilities about crime and justice and then offers its own framework for conceptualizing the integration of crime and crime control

criminology an integrated approach is the first criminology textbook to provide an integrated perspective on the developing global and historical relations that unite the studies of criminology criminologists criminal justice justicians and crime crime control in the 21st century in order to achieve this integration the book is divided into three parts part i a unifying analysis of crime and crime control does three things first the studies of criminology and criminal justice are reunited in the context of globalization second the official and unofficial forms of crime and criminal behavior are examined domestically and globally third unlike most criminology texts theories are also used to explain the administration of criminal justice the behavior of law enforcement and crime control as well as the policies of sentencing and punishment part ii explaining criminal behavior and crime outlines the changing historical conditions of criminological inquiry and provides detailed overviews of the various contributions made from economics and law biology psychology and sociology these criminological theories are also subject to a critique based on the partialities of most of these explanations and on the need for developing integrated explanations part iii integrating criminological strands is divided between presenting elaborations of contemporary criminological integrations that transcend disciplinary boundaries and elaborating on both domestic and international policies of crime reduction and justice enhancement in an age of globalization

kabbalah is an ancient jewish wisdom that explains the laws of spiritual energy up until very recently the kabbalah was reserved for the elite those who only after years of scholarship and practice were allowed to enter this mystical realm however one doesn't need to devote ones life to intense study to reap the rich rewards of the kabbalah with just a basic understanding of a few key concepts our lives can be enriched immensely we can then begin to fulfill our deepest dreams and reach our most important goals becoming the people we long to become by learning to understand the sefirot the ten spiritual properties that flow from the cosmic source into our heart we can connect to the universe and profoundly transform our experience of daily life for example hessed or loving kindness represents the desire to be generous while gevurah is the desire to focus intently or withhold these properties must be balanced in order for harmony and well being to occur rabbi laibl wolf shows how to maintain that balance and enjoy a healthy and productive life by using simple meditation and creative visualization techniques to grasp the spiritual nature of our life practical kabbalah draws upon ancient wisdom but offers a modern interpretation and easy to understand techniques for delving deeper into our selves and our world and for reaping the bounteous gifts that were always meant for us from the trade paperback edition

drawing on contemporary issues ranging from globalization and neoliberalism to the environment this essential textbook ideal for course use encourages readers to question the limits of the law in its present state in order to develop fairer systems at the local national and global levels

over the past five decades prominent criminologist gregg barak has worked as an author editor and book review editor his large body of work has been grounded in traditional academic prose his new book chronicles of a radical criminologist while remaining scholarly in its intent departs from the typical academic format the book is a a first person account that examines the linkages between one scholar s experiences as a criminologist from the late 1960s to the present and the emergence and evolution of radical criminology as a challenge to developments in mainstream criminology barak draws upon his own experiences over this half century as a window into the various debates and issues among radical critical and technocratic criminologies in doing so he revisits his own seminal works showing how they reflect those periods of criminological development what holds this book together is the story of how resisting the crimes of the powerful while struggling locally for social justice is the essence of critical criminology his seven chapters are divided into three parts academic freedom academic activism and academic praxis and these connected stories link the author s own academic career in berkeley california las vegas nevada chicago alabama ann arbor michigan and across the united states barak s eventful scholarly life involved efforts to overcome laws against abortion and homosexuality to formalize protective practices for women from domestic violence and sexual assault to oppose racism and classism in the criminal justice system to challenge the wars on gangs drugs and immigrants and to confront the policies of mass incarceration and the treatment of juvenile offenders
