global companies are facing a new pressure to develop leaders with global mindsets the war for managerial talent has never been so intense companies and business schools need not only to fine tune practices and models but redesign current paradigms and create more effective and sustainable ways to invest in leadership development

this comprehensive resource is an invaluable teaching aid for adding a global dimension to students understanding of american history it includes a wide range of materials from scholarly articles and reports to original syllabi and ready to use lesson plans to guide teachers in enlarging the frame of introductory american history courses to an international view the contributors include well known american history scholars as well as gifted classroom teachers and the book s emphasis on immigration race and gender points to ways for teachers to integrate international and multicultural education america in the world and the world in america in their courses the book also includes a views from abroad section that examines problems and strategies for teaching american history to foreign audiences or recent immigrants a comprehensive annotated guide directs teachers to additional print and online resources

this year s volume of the comparative law yearbook of international business deals with the subject of product liability law this is a growing area in which manufacturers and supplies are finding themselves more and more responsible for the quality of their products and for the consequences flowing from any defect therein this book discusses a wide variety of topics which come under the umbrella of product liability ranging from liability for injuries caused by the use of asbestos and other toxic substances to the responsibility of air carriers in hijack situations there is a growing amount of litigation throughout the world tackling the problems arising from the safety of products these laws take into account te manufacturing process the transportation storage and delivery of goods the intended use of products their fitness for such purpose and any warnings or instructions as to use given to consumers and end users this publication also covers the question of jurisdiction in product related litigation particulary in crossborder transactions in many instances a plaintiff will attempt to bring his action in the united states due to the large amount of damages especially punitive damages awarded there by juries in civil actions defendants on the other hand seek to counter this by raising issues such forum non conveniens there also is the question of state versus federal jurisdiction within the united states as well as a discussion focusing on the possible growth of federalism within the european union and its impact upon product liability nationally and at a european level a comparison of the divergent cultural attitudes towards property in china and the united states including the different emphases placed upon the ownership and role of property in society demonstrates the different views of product liability another aspect of defective

goods dealt with here is liability for the recall of a dangerous product there is a chain of responsibility stretching from the manufacturer through various levels of suppliers to the final retailer of goods which is obviously important when attempting to remove dangerous products from the market as quickly as possible before they can cause widespread injury to consumers this has been shown to be particularly relevant in cases involving automobiles and food products overall therefore product liability law is a vital part of the general law protecting consumers both on a national and international basis which makes this book a very interesting and useful read for anyone involved in this area

worlds apart social inequality in a global age third edition is intended as the primary text for upper level undergraduate and graduate students who are enrolled in social stratification and inequality courses primarily taught in sociology departments this book focuses primarily on social inequalities in the american context however a trend in this course is how the global inequalities are effecting and affected by social stratification and inequality in america this edition reflects that trend

revisits the largely forgotten story of how the mcgovern campaign represented the zenith of sixties style liberalism and how its historic defeat still haunts democrats to this day and in the process identifies what democrats must do before they can reassume their role as agents of progressive change

now that reagan s achievements and failures have become more obvious it is time for a new nonpartisan appraisal of his leadership and its impact on the nation that is precisely what john sloan delivers sloan focuses especially on the questions raised in the highly polemical debates between conservatives and liberals concerning reagan s economic policies he gives equal time to both sides showing how liberals were wrong in their predictions of gloom while conservatives continue to grant reagan more credit and status than he deserves
