list of members in each vol

a long respected standard in the psychology of adjustment psychology and the challenges of life eleventh edition has been thoroughly updated and contemporized to provide students the ability to reflect on how psychology relates to the lives we live and the roles that psychology can play in helping us with the challenges we face authors jeffrey nevid and spencer rathus explore the many applications of psychological concepts and principles used to meet the challenges of daily life while encouraging students to apply concepts to themselves through active learning exercises self assessment questionnaires and journaling exercises

schoolhouse politics tells the story of an experiment in curriculum design that was developed in the 1960s and called man a course of study macos in an attempt to teach anthropology to ten year olds jerome bruner and his colleagues designed an elementary school course that combined fieldwork on the social behaviour of baboons a film based ethnographic study of an eskimo tribe and hands on classroom materials macos was hailed as an original and exciting way to promote science literacy and to teach young

people how to think like social scientists teachers and students alike expressed enthusiasm for the course and it achieved nationwide distribution and widespread recognition as one of the outstanding social science curriculum projects of the period yet by 1975 macos had been driven from the schools a casualty of a small but vocal group of conservatives critical of its content and methodology
