the experience of being a woman in the modern world cannot be easily described using a series of psychological clich s and generic feminist language this book contains contributions from scholars and clinical practitioners around the globe usa canada china italy uk collectively these chapters show that studying the psychology of women in the modern world mandates the appreciation of diversity topics include pregnancy motherhood lifestyle issues healthcare gender role conflicts stress management addiction recovery and trauma resolution information on causality and development of phenomena implications for clinical care and offering improved services for women are discussed throughout although primarily a psychology volume influences from many academic disciplines including public

health sociology medicine and literature are woven into the chapters highlighting the importance of integrated approaches in conceptualising the experiences of women in the modernity

this text brings together in a single volume a broad sampling of research and theory applying a feminist perspective to the study of psychology the editors have assembled a distinguished roster of contributors to address such topics as historical and scientific foundations social issues and problems relationships and sexuality and psychological and health issues from a social constructionist viewpoint discussions of diversity and development are integrated into each chapter

this book delivers an authoritative analysis of classical and up to the minute research from a feminist psychology viewpoint it thoroughly examines the balance of cultural and biological similarities and differences between the genders noting how these characteristics may affect issues of equality as well as how men and women behave toward one another reflecting the latest developments from the field the text puts research into context and clearly explains the relationship between gender and emotion helping to demystify the scientific process and study of feminist psychology it includes expansive ethnicity coverage hands on applications and case studies that give students further experience with key issues this proven text equips students with a strong foundation for understanding the influences of gender race and ethnicity on psychology and society as well as strategies for thinking critically about pop culture versus academic feminism as it relates to psychology

updated with findings from the latest research this contributed work on the psychology of women covers global initiatives theories and practical applications in various settings it also addresses best practices of feminist methodologies and teaching psychology of women courses as societal gender standards continue to shift and the capabilities strengths and needs of women become more widely acknowledged and prioritized even as myths regarding women s leadership health

and work behavior persist it becomes increasingly important to understand the psychology of women this third edition of psychology of women provides updated and expanded coverage of this highly significant and relevant subject through diverse perspectives of internationally known scholars in their disciplines offering synopses of recent research and examinations of key theoretical issues global initiatives and practical applications in the workplace therapy and educational settings a resource ideally suited to students in women s studies and the psychology of women as well as for use as a handbook for scholars faculty members and specialists in fields relating to the psychology of women the book covers specific topics such as women in middle age women s career development and challenges in integrating work and family roles and the ongoing problem of violence against women this latest edition also includes best practices of feminist methodologies and information regarding teaching psychology of women courses and it emphasizes placing value on all women including women of color women with disabilities and lesbian bisexual and transgender women

this cutting edge and comprehensive fourth edition of women s lives a psychological perspective integrates the most current research and social issues to explore the psychological diversity of girls and women varying in age ethnicity social class nationality sexual orientation and ableness written in an engaging and accessible manner its use of vignettes quotes and numerous pedagogical tools effectively fosters students engagement active learning critical thinking and social activism new information covered includes neoliberal feminism standpoint theory mujerista psychology chapter 1 lgbt individuals and individuals with disabilities in media chapter 2 testosterone testing of female athletes precarious manhood chapter 3 raising a gender non conforming child impact of social media on body image chapter 4 gender differences in narcissism and big five personality traits women video game designers chapter 5 asexuality transgender individuals sexual agency viagra for women controversy chapter 6 adoption of frozen embryos controversy chapter 7 intensive mothering integrated motherhood living apart together same sex marriage chapter 8 single sex schooling controversy chapter 9

combat roles opened to us women managerial derailment chapter 10 work hours dilemmas of low wage workers chapter 11 feminist health care model health care for transgender individuals affordable care act chapter 12 feminist critique of cdc guidelines on women and drinking chapter 13 cyberharassment gender trolling campus sexual assault chapter 14 transnational feminism men and feminism chapter 15 women's lives stands apart from other texts on the psychology of women because it embeds within each topical chapter a lifespan approach and robust coverage of the impact of social cultural and economic factors in shaping women's lives around the world it provides extensive information on women with disabilities middle aged and older women and women in transnational contexts its up to date coverage reflects current scientific and social developments including over 2 200 new references this edition also adds several new boxed features for student engagement in the news boxes present current often controversial news items to get students thinking critically about real life applications of course topics get involved boxes encourage students to actively participate in the research process what you can do boxes give students applied activities to promote a more egalitarian society learn about the research boxes expose students to a variety of research methods and highlight the importance of diversity in research samples by including studies of underrepresented groups

a new psychology of women examines how gender related expectations interact with other cultural assumptions and stereotypes and with social and economic conditions to affect women's experiences and behavior a wide range of new and extensively updated topics optimize readers knowledge of how disparate perspectives from cultures throughout the world shape women's behavior and attitudes toward health care violence against women poverty labor force participation occupational segregation unpaid work stereotyping and discrimination expectations about power within marriage female genital mutilation theories of gender development women's attitudes toward their bodies use of social media media portrayals of girls and women and women in political leadership roles among thoroughly updated topics particular to us culture are same sex marriage

latina women s issues the portrayals of women of different ethnic and cultural groups on television and breast cancer survival rates of african american and european american women from publisher s description

this book in its diversity of topics reflects the re emergence of concern with women s issues in the last decade and the vigor and pioneering quality of scholarship in the area such extensive albeit uneven development says something about the state of our society as well for organized scholarship is a form of problem solving part of the process of working through issues that come to the attention of observers of and commentators on the social world be we can go further by recognizing that the contemporary women s movement is not new but is in keeping with a stream of feminism at least 150 years old we can encourage the current rekindling of interest and consciousness to reflect contemporary events as well xiii foreword

drawn from a brilliant array of voices primarily from psychology but also from other social sciences and humanities this unique reader of creative and intellectually provocative essays investigates the social construction of gender for the past several decades those involved with the study of the psychology of women and gender have been struggling for recognition within the framework of psychology this volume brings together the writings from psychology philosophy psychoanalysis history women s studies education and sociology that critique mainstream thinking and exemplify new ways of creating inquiry

chronologically organized this book recognizes that a woman s life experiences change as she goes through different age stages in this rapidly expanding field of psychology etaugh and bridges present this new book which draws on a rich blend of current and classical research to present a broad range of issues relevant to girls and women throughout their lifespan instead of the traditional topical approach to the subject the authors employ a chronological approach this approach communicates the complexity and interconnections among physical educational employment and interpersonal experiences of girls and women during

each developmental stage of life the inclusion of classic studies up to date research an engaging first person writing style and the authors own personal experiences helps construct a non hierarchical relationship between the authors and their readers for anyone interested in the psychology of women or gender studies

this unique collection of previously unpublished essays by experienced teachers and leading experts in psychology of women is designed as a companion reader to any psychology of women textbook the lectures included are written in an informal manner the authors speak to students directly and address questions that students often ask
