this text fills the need for a clear informative helpful and well written introduction to christian spirituality includes a detailed guide to resources in spirituality available on the internet written by a leading theological educationalist in a clear and accessible manner encourages active engagement with primary sources through worked case studies

while acknowledging the inherent tension between evangelicals who emphasize theological propositions and those who emphasize personal experience alister mcgrath believes that spirituality represents the interface between ideas and life between christian theology and human existence the book explores the centrality of mcgrath s theology in the development of his views on spirituality mcgrath does not approach spirituality from a theological void but instead uses his theological perspective as the foundation through detailed examination of mcgrath s previous work and the writing of other evangelicals the merging of theology and spirituality offers an overview of a unique thinker s contributions and a guide for future theological and spiritual exploration

the twenty first century has given rise to a growing interest in the intersection of science religion and spirituality few books address these issues from multiple perspectives and theories to fill this void f le ron shults and steven sandage coauthors of the faces of forgiveness winner of the narramore award from the christian association for psychological studies continue their interdisciplinary dialogue in their latest work transforming spirituality in this book shults and sandage address the subject of spiritual transformation through the lenses of psychology and theology in addition to college and seminary students transforming spirituality will appeal to readers interested in christian spirituality what is more it provides helpful insights for counselors psychologists and others who work in the mental health field

from his death in 1761 through the american civil war samuel davies was a recognized name among american presbyterians yet for more than a century he has remained far more obscure in discussions of american religion during the mid eighteenth century new side presbyterian

evangelist and preacher samuel davies was a pioneer for religious toleration in colonial america yet to date no single work has examined davies vision for the interior life theology and spirituality in the works of samuel davies is the first monograph length analysis of davies conception of christian spirituality after a decade of pastoral ministry to congregations in virginia davies followed eminent american theologian jonathan edwards as the fourth president of the college of new jersey princeton university a tenure cut short by his early death at age thirty seven j c harrod examines various aspects of davies own personal piety as well as the place that scripture conversion holiness and the means of grace played in his formulation of christian piety

the blackwell companion to christian spirituality is a comprehensive single volume introduction to christian spirituality and represents the most significant recent developments in the field offers a thoroughly interdisciplinary broadly ecumenical and representative overview of the most significant recent developments in the field comprises essays combining rigorous academic scholarship with accessible and elegant writing reflects an understanding of the field as the study of the lived experience of christian faith and discipleship provides material on biblical historical and theological foundations along with treatment of contemporary issues

a comprehensive study of theology and film that explores how the christian faith is portrayed in film throughout history

in recent decades christian spirituality spiritual formation and spiritual theology have become important concepts in the global evangelical community consequently an accessible and reliable academic resource is needed on these topics one that will offer a discerning orientation to the wealth of ecumenical resources available while still highlighting the distinct heritage and affirming the core grace centered values of classic evangelical spirituality the dictionary of christian spirituality reflects an overarching interpretive framework for evangelical spiritual formation a holistic and grace filled spirituality that encompasses relational connecting transformational becoming and vocational doing dynamics at the same time contributors respectfully acknowledge the differences between reformed holiness and pentecostal paradigms of the spiritual life and by bringing together writers from around the world who share a common orthodoxy this reference work is truly global and international in both its topical scope and contributors entries give appropriate attention to concepts concerns and formative figures in the evangelical tradition of spirituality that other reference work neglect they offer a discerning orientation to the wealth of ecumenical resources available exploring the similarities and differences between christianity and alternate spiritualities without lapsing into relativism the dictionary of christian spirituality is a resource that covers a wide range of topics relating to christian spirituality and is biblically engaged accessible and relevant for all contemporary christians

this is a book about pastoral priorities and parochial spirituality mr thornton argues that considerations of biblical and philosophical theology history and psychology alike demand that pastoral work should be based on that remnant of faithful souls often very few in number to be found in any parish and that their training and direction is of very much greater importance than devising schemes to interest the multitude he argues forcefully against the parochial activity which aims at adding numbers of individuals to the church by methods of recruitment this he holds to be theologically unsound and ascetically ineffective his faith is that god will add to the church such as are being saved when there is at the heart of the parish this remnant living by rule a center of adoration and charity the rightful heir he contends of medieval monastic order there is probably no other modern work which attempts such a serious and thorough examination of the type of spirituality to which christians can aspire in the world today

as a result of the isolation of doctrinal theology from its roots in christian spiritual life the relationship between spirituality and theology is often perceived to be ambiguous and uneasy

the republication of this definitive text is long overdue and a must for all those who are concerned for the maintenance of a sound optimistic spirituality alan jones skillfully uses bible and history to good advantage in this long look at english spirituality s roots christian century i know of no other book that rivals thornton s work as a clear and well written compilation of so much valuable

material review of books religion will provide both protestant and catholic readers with an exceptionally readable and thorough treatment of a shared tradition spiritual life

engagingly written by one of the world's leading scholars in this field this comprehensively revised edition tells the story of christian spirituality from its origins in the new testament right up to the present day charts the main figures ideas images and historical periods showing how and why spirituality has changed and developed over the centuries includes new chapters on the nature and meaning of spirituality and on spirituality in the 21st century and an account of the development and main features of devotional spirituality provides new coverage of christian spirituality's relationship to other faiths throughout history and their influence and impact on christian beliefs and practices features expanded sections on mysticism its relationship to spirituality the key mystical figures and the development of ideas of the mystical explores the interplay between culture geography and spirituality taking a global perspective by tracing spiritual developments across continents

while many would argue that spirituality is a necessary component of authentic human living there is a lot of confusion over what spirituality is according to powell christian spirituality has five aspects 1 christian living is inescapably corporate it is inseparable from the christian community 2 it is inescapably corporeal it cannot be separated from specific and embodied practices 3 it is participation in the trinitarian life of god thus christian living reflects both upon us and god 4 it has an eschatological existence 5 it is marked by our essential finitude under the conditions of sin

praise for spirituality and the curriculum the current interest in spirituality shows no sign of abating this volume consists of a useful set of essays from educationalists and theologians overall the volume will be important reading not only for teachers of theology but also for those concerned with the spiritual development of children and adults alike theology may june 2000 this book fizzles addressed to those working in an educational context it is an attempt to speak theologically about spirituality and morality adrian thatcher its editor has assembled a group of contributors who write well and who have innovative ideas to communicate fresh arguments and new perspectives make it an exciting read as it exposes the distressing emptiness of what passes as secularised spiritual nurture in most contemporary schools its seminal chapter is by mary grey what an imaginative tour de force this is she is not afraid to speak of the transcendent or to see the wider value of liberation and feminist theologies what adrian thatcher offers is a sharp critique of the high sounding moral sentiments of the present generation of curriculum makers there is a vision here which can reach beyond christianity and which ought to be taken account of by parents and teachers again prophetic in its own way it is controversial ian markham's short chapter is a gem adrian thatcher has given us a refreshing book which reasserts the right of theology to be heard in the current debate about the spiritual dimension of education but that is not the point what he wishes us to do is to think further better and more fairly about the issues which are before us that surely is something we all must do this book is a marvellous help in this buy it british journal of religious education 23 1 autumn 2000 it offers an informed critical accessible and thought provoking set of reflections on the possible connections that might be made between spirituality and the curriculum especially at school level it helps it the task of

establishing a credibility of spirituality as a valid dimension of the curriculum it also offers some guidance for educators as to how they might approach this area and offers some valuable insights into aspects of practice the heythrop journal 41 4 october 2000 it is rarely possible to do justice to books which contain a number of substantial essays because there is seldom space to give adequate consideration to all the contributors and this collection is no exception the book will be of most use to those researching this subject but i would hope that it might also be read by theologians who may see it as an invitation to them to focus more of their attention on theology and education resource professional reflection on theory and practice in religious education 23 2 spring 2001 there is much good material for those who wish to work with the spiritual moral social and cultural dimensions of their school or colleges environments shaping or challenging the power structures in which they operate and determining the ethos which they seek to encourage those involved in religious education or student services or educational policy will all find articles to stimulate the current debate as to whether theology and or spirituality can create community consensus and so nurture a more humane experience within education tim macquiban journal of beliefs and values 22 1 2001

this collection of essays honors the work of diogenes allen one of the leading theologians in the united states during the twentieth century the list of contributors from the fields of theology spirituality and ethics demonstrate how allen s work remains fresh invigorating and provocative today interdisciplinary by design this collection makes an important addition to graduate and seminary classes

a brief history of spirituality tells the story of christian spirituality from its origins in the new testament to the present day charts the main figures ideas images and historical periods showing how and why spirituality has changed and developed over the centuries draws out the distinctive themes of christian spirituality exploring the historical and cultural events and experiences that changed people s attitudes and practices coverage extends right up to the modern day exploring the huge changes in spirituality in recent years and the way it is nowadays often contrasted with religion written by a leading commentator on spirituality and published in the popular brief histories of religion series

many religious seekers in our time do not understand church doctrines or fail to see the bearing of such doctrines on their immediate lives for such people christian spirituality can offer a more pertinent and fulfilling avenue toward faith in treating the christian story of creation the life of jesus the history of the church eschatology and more roger haight suggests ways in which spirituality the cultivation of a relationship with the transcendent can lead spiritual seekers to open ended questions of theology book jacket
