lasers have become an increasingly useful tool in conventional dental practice their precision and less invasive
quality make them an attractive technology in esthetic and pediatric dentistry oral medicine and a range of
other dental procedures lasers in dentistry guide for clinical practice is a comprehensive yet concise and easy to
use guide to integrating lasers into conventional clinical practice the book begins by providing the reader a
thorough understanding of how lasers work and their varied effects on oral tissues subsequent chapters are
organized by procedure type illustrating common clinical techniques with step by step illustrations and case
examples in addition each chapter provides an overview of the latest research for use in clinical practice more

comprehensive than atlas yet practical and clinically oriented in its approach lasers in dentistry is an essential tool for practitioners and students looking to broaden their skill set in laser dentistry

reculturing museums takes a unified sociocultural theoretical approach to analyze the many conflicts museums experience in the 21st century embracing conflict ash asks what can practitioners and researchers do to create the change they want to see when old systems remain stubbornly in place using a unified sociocultural cultural historical activity theoretical approach to analyzing historically bound conflicts that plague museums each chapter is organized around a central contradiction including finances who will pay for museums demographic shifts who will come to museums the roles of narratives whose story is it ownership of objects who owns the artifact and learning and teaching what is learning and how can we teach equitably the reculturing stance taken by ash promotes social justice and equity making change first within museums called inreach rather than outside the museum called outreach challenges existing norms is sensitive to neoliberal and deficit ideologies and pays attention to the structure agency dialectic reculturing museums will be essential reading for academics students museum practitioners educational researchers and others who care about museums and want to ensure that all people have equal access to the activities objects and ideas residing in them
