this book explains the parameters of qatar s political growth by developing an alternative theory of power rented power the author demonstrates how qatar s emergence as a regional power can be solely explained by its capacity as a gas rich rentier state by using qatar as an empirical case study of the rented power theory readers will gain insight into qatar s engagement with non state actors political islam tribes media sports and others to wield its power allowing qatar to rent the well established influence of non state actors due to their transnational nature the qatari case demonstrates a state s ability to

establish a patron client relationship with non state actors overcoming limitations set by size or military strength to gain international influence this book is accessible to a wide readership it will be of interest of scholars postgraduates journalists policy experts and a general audience whose interests include the politics of the middle east and the gcc states particularly

structural policies have become a prominent feature of today s macroeconomic policy discussion for many countries lackluster economic growth and high unemployment cloud the outlook with fewer traditional policy options policymakers are increasingly focused on the complementary role of structural policies in promoting more durable job rich growth in particular the g20 has emphasized the essential role of structural reforms in ensuring strong sustainable and balanced growth against this backdrop the 2014 triennial surveillance review tsr called for further work to enhance the fund s ability to selectively provide more expert analysis and advice on structural issues particularly where there is broad interest among member countries the purpose of this paper is to engage the board on staff s post tsr work toward strengthening the fund s capacity to analyze and where relevant offer policy advice on macro relevant structural issues

this book examines the goals and impact of qatar s hosting of the fifa men s world cup 2022 in the context of the existing literature on qatar small states in international politics and the use of sports in development and soft power strategies the ten chapters in this book explore the multifaceted implications of qatar hosting the fifa world cup 2022 positioning it within the context of the country s domestic development and global influence this book highlights qatar s rise to global prominence despite its small size emphasizing its strategic investments in lng and its successful bid for the fifa world cup 2022 and draws attention to the way in which the 2022 world cup challenged european dominance of the sport the ten chapters are grouped into three thematic rubrics all relating directly or indirectly to the 2022 world cup qatar s foreign policy including the impact of the 2017 2021 gulf crisis and qatar s resilience in the face of challenges the theme of qatar s soft power and branding efforts and qatar s domestic politics and culture including discussions on football fandom among citizens and migrant communities and qatar s alcohol policies during the world cup this volume will be an invaluable resource for scholars researchers and policymakers engaged in the fields of middle east studies sport policy and politics sociology of sports and cultural studies it was originally published as a special issue of the journal of arabian studies

global economic forces underpin political and social issues and have real impacts on the quality of life in local communities cities states and regions in the face of potential volatility leaders in every place concern themselves with how they can ensure local economic resiliency for present and future generations this book argues for the strategic management of places through intentional public policy that brings together stakeholders from the public private and nonprofit sectors to

create an inclusive and sustainable economic path forward while many economists and political scientists have proposed one size fits all approaches this book puts forward a more holistic approach giving local leaders and policymakers the tools to take inventory of their local contexts and providing case study examples of how to craft public policies that create prosperous and sustainable economic conditions

a rigorous appraisal of the intersection of sport and politics across the region

this book is the first in a dedicated series that explores questions of cultural diplomacy and international cultural relations drawing on a broad range of disciplinary perspectives it throws new light on the function and operation of policies that seek to change attitudes values and behaviours across national boundaries and in diverse geocultural contexts the specific policies explored relate to ways in which sites of past violence and atrocity are deployed in strategies of soft power to the contribution of culture to eu enlargement to the use of the russian language as a soft power resource to the singularities of the indian cultural diplomacy to cultural diplomacy as elite legitimation to the role of diaspora relations in european cultural diplomacy to the use of film in post war cultural diplomacy and to the role assigned to culture in the canada eu comprehensive economic trade agreement scholars interested in how cultural and foreign policy intersect in widely differing national contexts will find this book an invaluable resource it was originally published as a special issue of the international journal of cultural policy
