the main purpose of this book is to cater to the needs of the undergraduate students of public administration and political science it is intended to serve as a basic text book for these two categories of students the book has been broadly divided into four parts part i introduces the nature and expanding horizons of public administration as a discipline it also highlights the growing importance of public administration in the modern state with special reference to the developing nations and points out its

interdisciplinary nature part ii discusses the contributions and theories of some important early administrative theorists part iii provides an understanding of the behavioural and social psychological approaches to the study of public administration it examines the significance of the prismatic model of f w riggs in the study of comparative public administration the views of edward weidner on development administration and the concept of new public administration it provides a critique of various administrative theories discussed under parts ii and iii part iv explains the various concepts in public administration and their importance and limitations in organising administrative structures keeping in view the level of an average student an attempt is made in the book to present the various topics covered in simple the special features of this book are each part is preceded by learning objectives and followed by various types of questions that are usually set in the question papers of university examinations a comprehensive glossary defining the various terms used in the study of public administration and brief life sketches of important administrative thinkers

new annotated bibliographies and related web sites at the end of each chapter new sections on organization development in the organization behavior chapter and lying about sex in the ethics chapter expanded coverage of government regulation ch 1 expanded discussion of the nonprofit sector ch 3 a readable and humorous text that receives high ratings from students each chapter begins with a vignette or keynote presented in a storytelling format these keynotes are mini case studies that are often referred to in the chapter thus reinforcing the overall themes or lessons of the stories chapters typically deal with historical and theoretical developments and then explain how relevant concepts and practices are applied in the varying levels of government and in varying cultures hundreds of boxed quotes from public administrators charts graphs and photos give the text a student friendly and engaging design

most american citizens are quick to criticize federal bureaucracy for its size and inefficiency they assume it has exceeded the intent of our nation's founders yet men like james madison and alexander hamilton knew that good public administrators were essential to good government william richardson here examines the origins legitimacy and limitations of public administration from the perspective of the founders thought he shows that these men especially the authors of the federalist advocated an energetic public administration as an essential component of government and even considered the emergence of a natural aristocracy of virtuous civil servants the founders would see the fault of today's federal bureaucracy argues richardson not as much in its size as in the character of its members richardson relates the founders belief that the nation should strive to produce public servants committed to developing character traits such as wisdom and moderation that would exemplify the highest ideals of the republic and thus ensure its survival they anticipated some self interest on the part of administrators but believed it would be held in check by public opinion and the political process to test the success of the founders ideal richardson examines both the character of administrators and the role of ethics in forming that character he explores the various plans for educating public leaders throughout american history and looks at how attitudes toward public administration have changed in this century from woodrow wilson's scientific ideal to recent proposals to downsize government among other suggestions richardson advocates reforming existing institutions by

emphasizing character democracy bureaucracy and character is an exercise in legitimizing public administration offering important insights into the founders thoughts that can be applied to today s debate over government bureaucracy public administration may be problematic by nature observes richardson but it is crucial to our form of government through his analysis we can see that while bureaucracy and democracy have long had an uneasy relationship neither can be effective unless we fully assess the place and purpose of character in the american regime
