in this book harold I vogel comprehensively examines the business economics and investment aspects of major components of the travel industry including airlines hotels casinos amusement and theme parks and tourism the book is designed as an economics grounded text that uniquely integrates a review of each sector s history economics accounting and financial analysis perspectives and relationships as such it provides a concise up to date reference guide for

financial analysts economists industry executives legislators and regulators and journalists interested in the economics financing and marketing of travel and tourism related goods and services the third edition of this well established text updates refreshes and significantly broadens the coverage of tourism economics it further includes new sections on power laws and price indexing effects and also introduces new charts comparing airline and hotel revenue changes and lodging revenue changes in relation to gdp

what challenges and opportunities does the green transition entail for latin america and the caribbean this 15th edition of the latin american economic outlook explores options for the region to recast its production models transform its energy matrix and create better jobs in the process

this second volume of the handbook presents professional surveys of all the important topics in urban economics the first section contains 6 surveys on locational analysis the second 5 surveys of specific urban markets and the third part presents 5 surveys of government policy issues the book brings together exhaustive research by distinguished scholars from many countries it is the only complete survey volume of urban economics and should serve as a reference volume to scholars and graduate students for many years for more information on the handbooks in economics series please see our home page on elsevier nl locate hes

latin america and the caribbean needs an ambitious and comprehensive investment agenda to embark on a stronger and more sustainable development trajectory the 16th edition of the latin american economic outlook proposes ways to make this possible through co ordinated actions by policy makers the private sector and international partners

the first volume of the handbook of public economics contains eight essays on various topics in public economics by international leaders in the field it begins with an historical perspective on the growth of the area as a whole and subsequent essays focus on the theory and evidence about the impact of taxation on economic behavior the material presents an up to date survey of the field of public economics by those actually doing work on the frontier of the subject and is written in a manner that renders it useful to the public finance specialist whilst remaining understandable for the student and non specialist

excellent technical writing on corporation tax abounds but it tends to be inaccessible to public lawyers political theorists and political economists although recent years have seen not only an explosion in public law scholarship but also a reawakening of interest in interpretative political theory and political economy the potential of these perspectives to illuminate the corporation tax debate has remained unexplored in this important work john Snape seeks to reconcile these disparate strands of scholarship and to contribute to a new way of understanding and conceptualising the reform of the law relating to corporate taxation drawing on important developments in public law scholarship the study combines elements of political theory and

political economy it advances a new interpretation of corporation tax law as an instrument of rule through the maximisation of a nation's economic potential. It shows how corporate taxation belongs at the centre of any discussion of economic globalisation not only because of the potential of national tax systems to influence inward investment decisions but also because of the potential of those decisions to shape the public interest that those tax systems might embody. Following public law and politics models the book looks afresh at the impact of Britain's political institutions on the processes of its representative government and of the theory that moulds and orders the values that the corporation tax code contains. This is a timely exploration of cutting edge issues of public policy.

This book presents an analysis of Caribbean fiscal problems with particular emphasis on the relationship between high levels of public expenditure and balance of payments problems. The study examines deficit financing, public expenditure growth and IMF stabilization policies. Other issues raised relate to income distribution and problems of taxation and tax reform. The work focuses on Jamaica, Guyana, Barbados and Trinidad and Tobago. The economies of the Organization of Eastern Caribbean States are also considered. This work will interest scholars in economics and economic policy making, especially those in developing countries.

The 1970s and 1980s saw a resurgence of industrial homework in rural areas. This text examines the effects of homeworking on workers mainly women and their families and explores the role of the state in subsidising the development of homeworking jobs that depend on gender

a review and explanatory account of post-war mental health policy
