this book presents case studies on the human rights performance of state owned enterprises from four latin american and three european countries as well as foreign investments by chinese state owned enterprises on these continents state owned enterprises are considered among some of the worst perpetrators of contamination and corporate human rights violations around the globe both domestically and abroad this volume examines whether companies implement the un guiding principles on business and human rights and how their state owners regulate or incentivize their human rights compliance studies cover different sectors ranging from finance to extractives and air transport in brazil chile china ecuador finland france germany and mexico and allow contrasts between companies from countries with different degrees of human rights regulation including due diligence and supply chain laws the work shows that states are rather hesitant to implement the un guiding principles leading by example the book will be essential reading for academics researchers and policy makers working in the areas of international human rights law comparative administrative law and corporate social responsibility

no one has recorded when well digging started but surely humans imitated elephants in digging holes in the sand to access cooler water that didn t make the children sick eventually humankind began to redesign maintain and repair the wells they constructed but when wells became commodities in the twentieth century this maintenance ethic was forgotten recapturing that ethic sustainable wells maintenance problem prevention and rehabilitation is a guide to keeping well systems operating at peak capacity the book focuses on how to prevent and forestall problems and manage the problems with wells as they age examining the many challenges that come with maintaining well performance the book provides a comprehensive yet readable state of the art summary of performance maintenance problem prevention and rehabilitation or restoration practice with the goal of sustaining optimal performance over the long run rather than focusing on a certain aspect of well cleaning or a particular technical approach it covers the scope of maintenance and rehabilitation from planning to evaluation testing it also addresses the crucial subjects of preventive design maintenance monitoring from electrical to biofouling and evaluation testing an exploration of the subject without a vendor or strong regional bias the book is based on the authors extensive hands on experience serving well operating clientele in addition to water supply wells it addresses the problems and maintenance issues of monitoring plume control and other environmental wells compiling information from existing literature into a single source and combining that information with experience the book provides recommendations based on historical performance copiously illustrated with approximately ninety black and white photographs figures and a color insert the book reflects the changes in the profession that have occurred during the past decade or so these features and more make this the first resource to turn to when devising solutions for maintaining and improving well performance

this collection stemming from the 2nd university of chester archaeology student conference archaeo engage engaging communities in archaeology april 2017

provides original perspectives on public archaeology's current practices and future potentials focusing on art archaeological media strategies and subjects

this thoughtfully edited volume explores the operation of equality and discrimination law in times of crisis it aims to understand how existing inequalities are exacerbated in crises and whether equality law has the tools to understand and address this contingency experience during the covid 19 crisis shows that the pandemic has acted as a catalyst for exponential inequalities related to racism xenophobia sexism homophobia transphobia ageism and ableism yet the field of equality law which is meant to be addressing such discrimination or inequality has had little immediate relevance in mitigating these exponential inequalities this is despite the fact that countries like the uk have a rather recent and state of the art legislation in the field namely the equality act 2010 exponential inequalities offers readers an understanding of how these inequalities came to be and how crises such as the global pandemic the climate emergency or the economic downturn can exacerbate an already untenable situation it illuminates both the structural and the conceptual as well as the practical and doctrinal difficulties currently experienced in equality law and discusses whether or not equality law even has the tools to both understand and then address this contingency written by a team of internationally recognized experts exponential inequalities provides a comparative perspective on the functioning of equality laws across a range of contexts and jurisdictions and represents an essential read for scholars and policy makers alike

a fortnightly bulletin on financial and political trends

this report provides an overview of canada's major environmental social and economic developments over the last decade it highlights some of canada's successes speaks of some of the remaining challenges and explores some of the current efforts underway to meet those challenges it examines more specifically the following decision making structures and processes social sustainability sustainable communities health and environment conservation and stewardship of biodiversity sustainable development of natural resources climate change the canadian arctic international cooperation

the eight papers presented here stem from a conference held in oxford in 2017 which brought together international early career researchers applying novel archaeological and anthropological methods to overlooked subjects in ancient egypt and nubia the diverse topics covered include women prisoners entangled communities and funerary displays

both europe and the us have now dampened the shrillness of the invective hurled against each other over the last years but the underlying differences have not been resolved the two sides drift apart in their views on what internal politics should achieve as well as in their vision of the global order they would like to see established the economies of both europe and the us are highly developed and densely interwoven their societies are post industrial many social and economic trends converge similar too are the challenges to maintain security against threats emanating from other parts of the world divergences thus do not originate from conflicting material interests they arise from different perceptions of the nature and of threats from the outside world from how the two societies wish to define themselves through their internal and external policies the search for a distinct european or american identity fuels this discord therefore appeals to common merely material interests will not obliterate it the contributions to this book come from altogether twelve authors each of them addressing the issues from the perspective of his or her own discipline the book aims to reach not just academia but also beyond to those that are involved in actual international decision making

this 20e contains 400 articles which represent a thoroughly updated and expanded look at the entire field of social work the 4 volumes cover all aspects of social work from practice interventions social environments social conditions and challenges to social policy and history co published by oup and the national assoc of social workers usa
