drawing from current examples from a variety of countries public finance an international perspective addresses the main issues in contemporary public finance including fiscal sustainability state enterprises and a variety of subsidies there are relatively few textbooks on public finance and many of them focus on the experience and issues facing the united states this book sets out to address the critical issues from other countries particularly those from the developing world or emerging market countries who have received less attention in other texts written in a highly accessible manner this book is a useful

reference for students and practitioners alike

chapters include income distribution and welfare programs state and local government expenditures and health economics and private health insurance

markets and governments institutions and governance public goods public finance for public goods market corrections voting social justice entitlements and equality of opportunity choice of taxation the need for government

the authors critically analyze varying approaches to public finance contrasting the orthodox social optimality with the alternative public choice school both schools of thought are given full but critical attention as well as the two schools mentioned above further approaches drawn from other social science disciplines are explained

the 16 essays in this book were written to celebrate the 90th birthday of richard musgrave and to commemorate the tenth anniversary of ces the center for economic studies at the university of munich musgrave is considered to be a founding father of modern public economics he belongs to the intellectual tradition that views government as an instrument that can be used to correct market failure and to establish the society that people want although his work fits within the individualistic framework of modern economics he also draws on principles of moral philosophy

rosen and gayer s public finance provides the economic tools necessary to analyze government expenditure and tax policies and along the way takes students to the frontiers of current research and policy while the information presented is cutting edge and reflects the work of economists currently active in the field the approach makes the text accessible to undergraduates whose only prior exposure to economics is at the introductory level the authors years of policy experience have convinced them that modern public finance provides a practical and invaluable framework for thinking about policy issues the goal is simple to emphasize the links between sound economics and the analysis of real world policy problems enhancements and key features for this new global edition include new policy perspectives introduce relevant and engaging examples of international policy so students can extend their understanding of theory to policymaking across the globe new empirical evidence applications provide students with real world examples that are relevant to them from case studies about sweden and china to global examples that compare experiences between countries updated end of chapter questions broaden critical thinking encouraging students to apply their knowledge to international and comparative examples the results of econometric models are used to help students understand how expenditure and tax policies affect individual behavior and how governments set policies integrated theory and analysis institutional theoretical and empirical material is interwoven to provide students with a clear and coherent view of how government

spending and taxation relate to economic theory current research is presented alongside discussion of methodological and substantive controversies the approach is modern theoretical and empirical and shared by most active economists institutional and legal settings are described in detail and the links between economic analysis and current political issues are emphasized this global edition has been adapted to meet the needs of courses outside of the united states and does not align with the instructor and student resources available with the us edition

this book expands on issues like fiscal sustainability state enterprises and the variety of subsidies with a multi country focus drawing examples from numerous countries it presents issues in contemporary finance and especially fiscal policy that can benefit researchers and civil servants from both developed as well as developing worlds and emerging market economies written in a simple and accessible manner this book will be of interest to civil servants and practitioners it also serves as a reference source for students and academics and can be used as a textbook for advanced courses on public finance

revised edition of the author s public finance and public policy 2009

textbook

useful for graduate and p g students of economics and candidates appearing for competitive examinations it examines every major problem of the economy of public sector first in the context of the developed countries of the western world and then their relevance is looked into from the angle of the developing countries

public finance remains the premier textbook on the normative theory of government policy with the third edition propelling into the twenty first century its examination of what government ought to be doing instead of what it is doing the welfare aspects of public economics receive extensively renewed examination in this third edition with four new chapters and other significant revisions it presents detailed and comprehensive coverage of theoretical literature empirical work environmental issues social insurance behavioral economics and international tax issues with increased emphasis on the european union it is rigid enough for use by phds while being accessible to students less well trained in math moves skillfully from explaining normative theory to applying it in mathematically compact and precise terms adds new chapters on social insurance medical care social security pensions behavioral public economics and international public finance includes new pedagogical supplements including end of chapter questions and answers emphasizes european examples

revised textbook on public finance
