political economic history of wyoming

snow was nice and crunchy underfoot not crunchy like peanuts or cornflakes rather it was

a silky whispery crunchy mountain plants you can bury your nose deep in the cool violet bed and smell the mix of life and death while pondering the unceasing cycle of each into the other mountain people lem ownby has plowed oxen mules and horses on the forty four acre farm on jakes creek but he has never owned or driven an automobile

in this unconventional memoir kevin holdsworth vividly portrays life in remote unpredictable country and ruminates on the guts or foolishness it takes to put down roots and raise a family in a merciless environment growing up in utah holdsworth couldn t wait to move away once ensconced on the east coast however he found himself writing westerns and dreaming of the mountains he d skied and climbed fed up with city life he moved to a small wyoming town in big wonderful he writes of a mountaineering companion s death the difficult birth of his son and his father s terminal illness encounters with mortality that sharpened his ideas about risk care and commitment he puts a new spin on mountaineering literature telling wild tales from his reunion with the mountains but also relating the surprising willpower it took to turn back from risks he would have taken before he became a father he found he needed courage to protect and engage deeply with his family his community and the wild places he loves holdsworth s essays and poems are rich with anecdotes characters and vivid images readers will feel as if they themselves watched a bear destroy an entire expedition s food walked with his great great grandmother along the icy mormon trail and tried to plant a garden in wyoming s infamous wind readers who love the outdoors will enjoy this funny and touching take on settling down and adventuring in the west s most isolated country

exploring censorship imposed by corporate wealth and power this book focuses on the energy industry in wyoming where coal oil and gas are pillars of the economy the author examines how governmental bodies and public institutions have suppressed the expression of ideas that conflict with the financial interests of those who profit from fossil fuels he reveals the ways in which university administrations art museums education

boards and research institutes have been coerced into destroying artwork abandoning studies modifying curricula and firing employees his book is an eloquent story of the conflict between private wealth and free speech providing more of the nation's energy than any other state wyoming is a sociopolitical lens that magnifies the conflicts in the american west but the issues are relevant to any community that is dependent on a dominant industry and wherever the liberties of citizens and the ethics of public officials are at risk

grizzly lessons is a survival guide to living in or visiting grizzly and wolf country fear physical danger financial hardship and animosity between neighbors are contemporary challenges of the everyday western experience stories of grizzly attacks reveal the remarkable psychological resilience of survivors most have returned to the wilderness with increased respect for bears and their love of nature intact grizzly lessons avoids the polarizing rhetoric of the vitriolic wolf bear debates in contrast blanchard presents accounts of coexistence from historical native americans to present day ranchers hunters and other wilderness explorers for those who are open to them the ultimate lessons of humility respect and interdependence are offered through grizzly encounters

in the fall of 1913 laura and earle smith a young iowa couple made the gutsy some might say foolhardy decision to homestead in wyoming there they built their first house a claim shanty half dug out of the ground hauled every drop of their water from a spring over a half mile away and fought off rattlesnakes and boredom on a daily basis soon other families moved to nearby homesteads and the smiths built a house closer to those neighbors the growing community built its first public schoolhouse and celebrated the fourth of july together although the festivities were cut short because of snow by 1917 however the smiths had moved back to iowa leasing their land to a local rancher and using the proceeds to fund earle's study of law the smiths lived in iowa for most of the rest of their lives and sometime after the mid 1930s laura wrote this clear vivid witty and

self deprecating memoir of their time in wyoming a book that captures the pioneer spirit of the era and of the building of community against daunting odds

as in the rest of the united states grizzly bears wolves and mountain lions in and around yellowstone national park were eliminated or reduced decades ago to very low numbers in recent years however populations have begun to recover leading to encounters between animals and people and more significantly to conflicts among people about what to do with these often controversial neighbors coexisting with large carnivores presents a close up look at the socio political context of large carnivores and their management in western wyoming south of yellowstone national park including the southern part of what is commonly recognized as the greater yellowstone ecosystem the book brings together researchers and others who have studied and worked in the region to help untangle some of the highly charged issues associated with large carnivores their interactions with humans and the politics that arise from those interactions this volume argues that coexistence will be achieved only by a thorough understanding of the human populations involved their values attitudes beliefs and the institutions through which carnivores and humans are managed coexisting with large carnivores offers important insights into this complex dynamic issue and provides a unique overview of issues and strategies for managers researchers government officials ranchers and everyone else concerned about the management and conservation of large carnivores and the people who live nearby

showcases this little known creature thriving the rugged mountains of north america

an old fashioned romantic tale of two star tangled lovers but also a paean to artisanal work food friendship and family trigiani is a master of palpable and visual detail washington post beloved new york times bestselling author adriana trigiani returns with the most epic and ambitious novel of her career a breathtaking multigenerational love story that spans two continents two world wars and the quest of two star crossed lovers to find each other again the shoemaker s wife is replete with the all the page turning

adventure sumptuous detail and heart stopping romance that has made adriana trigiani one of the reigning queens of women s fiction usa today fans of trigiani s sweeping family dramas like big stone gap and lucia lucia will love her latest masterpiece a book kathryn stockett author of the help calls totally new and completely wonderful a rich sweeping epic which tells the story of the women and men who built america dream by dream

how can environmental problems be solved when they cross boundaries and involve diverse people what kind of leadership and institutions will bring success from experience in the greater yellowstone region susan g clark looks at leadership and policy in managing natural resources she assesses accomplishments toward sustainability over the past forty years focusing on the greater yellowstone coordinating committee a federal group of heads of national parks national forests and national wildlife refuges clark identifies fundamental leadership tasks needed explains what changes in skill will be required and makes many practical recommendations for every leader citizen and group involved with large scale conservation anywhere worldwide

many people think of social problems as involving poor and powerless individuals in society this work seeks to improve the balance by adding a focus on important and powerful institutions it discusses policy sciences public policy analysis and public management it addresses operations and design issues for government organizations

Thank you categorically  
much for downloading
