what do cesare pavese beppe fenoglio and primo levi have in common apart from their obvious piedmontese origins they and other writers coming from this italian region share a

certain tendency towards multilingualism which is a characteristic that has not been comprehensively investigated over the years this study presents a linguistic analysis of a group of modern and contemporary narratives written by piedmontese authors the novels and short stories here examined are notable for the intriguing way in which they move between a variety of idioms standard italian regional vernaculars english and pastiches with rare excursions into french with the support of linguistic and philosophical theories on the relation between identity alterity and language the book demonstrates how the use of non standard parlangues is fundamental in both reinforcing the sense of belonging to specific social groups and highlighting the presence of dissimilar identities and other cultures a sociolinguistic study and an analysis of the political and historical context of the region are also provided in order to illustrate how the combination of different varieties in literature reflects the region's peripheral position as well as the political and social changes that have occurred in piedmont since the nineteenth century this book fills a notable gap and casts new light on piedmontese literature

this volume provides a focused account of english medium instruction emi in european higher education considering issues of ideologies policies and practices this is an essential book for academics students policy makers and educators directly or indirectly implicated in the internationalization of european higher education

the unidroit principles of international contracts first published in 1994 have met with extraordinary success in the legal and business community worldwide prepared by a group of eminent experts from all major legal systems of the world they provide a comprehensive set of rules for international commercial contracts available in more than 20 language versions they are increasingly being used by national legislatures as a source of inspiration in law reform projects by lawyers as guidelines in contract negotiations and by arbitrators as a legal basis for the settlement of disputes in 2004 a new edition of the unidroit principles was approved containing five new chapters and adaptations to take into account electronic contracting this new edition of an international restatement of contract law is the first comprehensive introduction to the unidroit principles 2004 in addition it provides an extensive survey and analysis of the actual use of the unidroit principles in practice with special emphasis on the different ways in which they have been interpreted and applied by the courts and arbitral tribunals in the hundred or so cases reported worldwide the book also contains the full text of the preamble and the 180 articles of the unidroit principles 2004 in chinese english french german italian and russian as well as the 1994 edition in spanish published under the transnational publishers imprint
