charlotte danielson gives individuals and schools a practical framework for tapping teachers leadership potential and marshaling their efforts to better educate students and create a stronger learning community

this is a unique insider's look at the process that teachers experience when they assume

leadership positions in their school district state or writing project site the text features vignettes by k 12 teachers describing their individual leadership roles and experiences to show how teachers take charge in a variety of contexts the authors identify four major themes identity collaboration making conflict productive and learning new practices through the teacher leaders own words readers witness how the four themes are an integral part of daily practice chapters also examine what research indicates about these new and proliferating roles how teachers become leaders makes a significant contribution to our understanding of how teachers in leadership positions construct a new identity develop the skills and abilities to handle conflict and make it productive learn to facilitate the building of learning communities helping teachers to collaborate with one another use the practices they already know and incorporate new ones into their work reframe the very meaning of leadership making it work side by side rather than top down

publisher description

this book advocates for an alternative to the hierarchical positioning of leaders it proposes to value leadership practices which emerge from collective concerns about learning and the realisation that collegial interactions offer opportunities for rich explorations of pedagogy and new understandings to be developed the book draws upon illustrative examples from a longitudinal study of early career teachers entitled teachers of promise aspirations and realities it explores matters of personal ambition support from significant others and barriers to teacher leadership it shows that these vary from context to context and individual to individual examples highlight the ways in which each teacher s experience has been enabled and constrained by different considerations in combination the examples offered demonstrate the need for the teaching profession to be more systematic in identifying and supporting talented teachers who could be the leaders of learning for tomorrow the book shows that individuals themselves need to have an openness to consider how they might become more effective teachers through their engagement in leadership work this it suggests involves developing a different conception of leadership to counter the prevailing view that leadership is typically positional and defined by its distance from classroom teaching the more promising portrayal is to link teacher leadership explicitly with learning

interest in and knowledge of leadership and learning separately and together is an international and continuing phenomenon this book adds to a somewhat under researched

aspect of the field it focuses both on a particular form of leadership teacher leadership and on a particular form of learning professional development it considers the connection between teacher leadership and professional development and the first chapter relates this connection to a leadership for learning conceptual framework developed through an international three year project the book's chapters explore teacher leadership and professional development from a number of perspectives giving rise to three points of particular significance firstly the chapters show that either by accident or design there is a growing cadre of teacher leaders emerging from a multitude of professional development activities and initiatives secondly a number of new conceptual frameworks are put forward alongside the adaption and development of extant ones that add to the ever increasing theorisation of educational leadership and professional development literature thirdly the chapters provide evidence of the connections between leadership and learning as conceptualised in the leadership for learning framework this book was originally published as a special issue of professional development in education

co published with kappa delta pi the power of teacher leaders provides a comprehensive resource for understanding the ways that teacher leaders foster positive change in their schools distinct from school administrators teacher leaders are professionals who remain in the classroom and use their specialized knowledge and skills to improve student achievement influence others and build organizational capacity written by leading educational researchers each chapter of the power of teacher leaders describes a different way that teachers are leading moving beyond the question of why teacher leaders are important and how such work is implemented the contributing scholars to this collection offer a critical examination of the field by presenting original research case studies and programs in practice topics covered include how teachers become leaders their wide ranging leadership roles and the effects of teacher leadership on student academic success and school communities a cohesive edited collection this book demonstrates how teacher leaders play an increasingly active role in the improvement of student learning teacher professional development and school climate
