anthony crosland bequeathed a significant intellectual legacy to the labour party including his celebrated treatise the future of socialism published sixty years ago in this timely book patrick diamond argues that crosland continues to serve as a vital reference point for today's labour party he considers a wide range of crosland's writings on the economy and politics relating his ideas to ideological debates taking place within the labour party about egalitarian social democracy electoral strategy the european question and the importance of progressive liberalism on the british centre left this is the first substantial work to fully consider crosland's legacy for british social democracy written in a clear and persuasive way it will appeal to a broad audience of thinkers and activists with an interest in the history of the labour party and the british left

the adoption of the convention on the rights of people with disabilities cprd by the united nations in 2006 is the first comprehensive and binding treaty on the rights of people with disabilities it establishes the right of people with disabilities to equality dignity autonomy full participation as well as the right to live in the community and the right to supported decision making and inclusive education prior to the cprd international law had provided only limited protections to people with disabilities this book analyses the development of disability rights as an international human rights movement focusing on the united states and countries in asia africa the middle east the book examines the status of people with disabilities under international law prior to the adoption of the cprd and follows the development of human rights protections through the convention's drafting process arlene kanter argues that by including both new applications and entirely new approaches to human rights treaty enforcement the cprd is significant not only to people with disabilities but also to the general development of international human rights by offering new human rights protections for all people taking a comparative perspective the book explores how the success of the cprd in achieving protections depends on the extent to which individual countries enforce domestic laws and policies and the changing public attitudes towards people with disabilities this book will be of excellent use and interest to researchers and students of human rights law discrimination and disability studies

over the past decade there has been substantial progress in understanding maya hieroglyphic writing this development led to the reconstruction of classic maya ad 300 900 political history epigraphers suggested a major influence of teotihuacan during the early classic period ad 300 600 and some even argued for a direct teotihuacan conquest of the maya lowlands the late classic period ad 600 900 was interpreted as a constant hegemonic struggle between tikal and calakmul which in different ways influenced classic maya political relations these reconstructions of political history were directly tied to the interpretations of political organisation ranging from peer polity interaction models to more bureaucratic polities in this work the author examines and analyses inscriptions from the western maya region which are especially rich in information concerning interaction of polities and interpolity organisation the author reconstructs the historical development of the region examining the influence of teotihuacan and that of the hegemonic states tikal and calakmul publisher's website
