although much has been said about livestock s role in achieving food security in reality the subject has been only partially addressed and no current document fully covers the topic recognizing that food security is central to international development and to the mandate of fao this report tells story of livestock and food security from three perspectives it begins by presenting a global overview examining the role that livestock play in human nutrition the world food supply access to food particularly for poor families next it moves from the global level to a human perspective examining the way in which livestock contributes to the food security of three different human populations livestock dependent societies small scale mixed farmers and urban dwellers the final part of the report looks to the future it discusses the expected demand for livestock source food and the way that increased demand can be met with ever more limited resources it reviews the drivers that led to the livestock revolution how these have changed and what the implications will be for livestock contributing to resilient food systems of the future book jacket

there is no question that the idea of family has changed throughout history especially during the 20th century with the very concept in flux how can we develop a vision of family that is moral workable and makes sense in the 21st century postindustrial world healthy families the book asserts spring from a blend of conservative ideals responsibility and accountability and liberal ideals innovation and change the result is responsible change that benefits both the individual and society

the theme of 2010 survey is how to leverage e government in the current financial and economic crisis the crisis presents a major challenge for un member states attainment of national development goals half way through the mdgs it is important to help enhance their crisis response in this very context that the survey explores the potential of e government focusing on its relationship with government spending such as stimulus funding integrity and efficiency in financial monitoring and public service delivery as in the previous surveys it assesses e readiness of member states according to a number of criteria in an analysis conducted every two years the member states are ranked most of all on the basis of each member state s use of the internet and the world wide www for the provision of information products and services plus the level of telecommunication and human capital infrastructure development the prime focus of the survey will remain the measure index based on an extensive analysis of government national web portals sites and ministries assessment of the e government readiness of the 192 member states according to quantitative index of e readiness based on website assessment tele communication infrastructure and human capital

human trafficking and smuggling of migrants four of the 12 illicit flows reviewed in this report involve human beings the first two concern movement between the countries of the region one for general labour and one for sexual exploitation the third concerns the smuggling of migrants from the region to the rich countries of the west and the last focuses on migrants smuggled through the region from the poor and conflicted countries of south and southwest asia drug trafficking the production and use of opiates has a long history in the region but the main opiate problem in the 21st century involves the more refined form of the drug heroin in addition methamphetamine has been a threat in parts of east asia for decades in the form of yaba tablets but crystal methamphetamine has recently grown greatly in popularity virtually every country in the region has some crystal methamphetamine users and some populations consume at very high levels resources resource related crimes include those related to both extractive industries such as the illegal harvesting of wildlife and timber and other crimes that have a negative impact on the environment such as the dumping of e waste and the trade in ozone depleting substances in all cases the threat goes beyond borders jeopardizing the global environmental heritage these are therefore crimes of inherent international significance though they are frequently dealt with lightly under local legislation counterfeit goods the trade in counterfeit goods is often perceived as a soft form of crime but can have dangerous consequences for public health and safety fraudulent medicines in particular pose a threat to public health and their use can foster the growth of treatment resistant pathogens
