class tested by over forty instructors for the past three years deanna sellnow s exciting new textbook provides a contemporary and comprehensive alternative approach to the public speaking process reflecting the latest in communication research yet fully focused on the needs of today s students public speaking showcases both innovative and time tested strategies to help readers learn and apply the skills necessary to become effective public speakers unique coverage of learning styles as they apply both to the speaker and audience is highlighted and integrated throughout the text students are taught how to assess their own learning styles and how to apply their knowledge of different learning styles both to their analysis of audiences and in the presentation of their speeches

this edition is designed to increase students confidence and credibility in communicating in a range of communication situations the text integrates and applies the principles of effective communication common in all contexts by first developing the basic skills common to every type of oral communication and then showing how to adapt these skills to each type of interaction culminating in effective presentation of formal speeches ethics adaptation diversity and critical and creative thinking are common threads throughout all discussions which include well developed coverage of theory and research findings and skill building exercises and activities designed for individual dyadic and group work

this text is a reference guide for the individual speaker and textbook for use in the public speaking course it covers the issues one commonly confronts in preparing and delivering a speech pref

effective small group and team communication presents original research based upon the experiences of functioning groups the text emphasizes an

interactive approach to teaching small group communication and contains activities that tie into each chapter chapters on both face to face and virtual meetings are guided by a teamwork philosophy that encourages the use of shared emergent leadership in classroom groups

this acclaimed book guides you in developing communication skills that you can use with success in every group situation john f cragan and david w wright together with new coauthor chris r kasch effectively balance theory and process with skill development they furnish an in depth discussion of rules and strategies for effective problem solving managing relationships team building role playing leadership and conflict management back cover

metcalfe s building a speech fifth edition continues the tradition of providing proven texts at lower prices with 20 chapters organized into five units building a speech guides students through a step by step process of acquiring public speaking skills by observation peer criticism personal experience and instructor guidance readings and exercises provide assistance in developing informative and persuasive speeches as well as research and speechwriting skills this book establishes a caring environment for the learning process through a conversational style that aims to both interest and motivate students while conveying encouragement through topics such as apprehension and listening that will help students to realize that they are not alone in their struggles it is grounded in the philosophy that students can master the steps of speech construction if provided with a caring environment clear blueprints and creative examples

written by the leading gender communication scholar this text introduces students to theories research and pragmatic information that demonstrates the multiple often interactive ways in which our views of masculinity and femininity are shaped within contemporary culture

make the right drug therapy decisions with the leading guide to applying pharmacotherapy principles to real world clinical practice the perfect
