tasks instructor resources include an extensive set of tutorial exercises powerpoint slides and a test bank of assessment resources

an authoritative and practical guide to business ethics written in an accessible question and answer format in today's turbulent business climate business ethics are more important than ever surveys of employees show that misconduct is on the rise cover stories reporting indictments prosecutions and penalties imposed for unethical business conduct appear almost daily legislatures pass requirements elevating the levels of punishment and their enforcement against corporations and individuals organizations face pressure to design and implement effective ethics and compliance programs as a result businesses and businesspeople are increasingly worried that their conduct might cross lines that put their wealth and reputations at risk business ethics what everyone needs to know explains what those lines are how not to cross them and what to do when they are crossed written for both businesspeople facing real life dilemmas and students studying ethical questions this succinct book uniquely surveys materials from moral philosophy behavioral science and corporate law and shares practical advice experts j s nelson and lynn a stout cover a wide array of essential topics including the legal status of corporations major ethical traps in modern business negotiations whistleblowing and liability and best practices written in a short question and answer style this resource provides engaging and readable introductions to the basic principles of business ethics and an invaluable guide for dealing with ethical dilemmas

in a series of articles specifically commissioned for this volume some of today's most distinguished business ethicists survey the main areas of interest and concern in the field of business ethics sections of the book cover topics such as the often easy relation between business ethics and capitalism the link between business ethics and ethical theory how ethics applies to specific problems in the business world the connection between business ethics and related academic disciplines and the practice of business ethics in modern corporations includes extensive accessible discussion of all of the main areas of interest and debate in business ethics features all original contributions by distinguished authors in business ethics includes an annotated table of contents bibliographies of the relevant literature and a list of internet sources of material on business ethics perfect comprehensive book for use in business ethics courses

business ethics addresses students and those engaged in business to help them understand their work as an integral form of human development as well as an authentic christian vocation ultimately gene ahner shows us that if business is not ethical it is not good business book jacket

take a seat in the boardroom what will you decide corporations make difficult decisions about the right thing to do every day but as an organization made up of people with different perspectives and values how can a business behave ethically this is business ethics offers a dynamic and engaging introduction to the study of corporate morality offers real world practical advice for navigating ethical dilemmas in business developed and explained through illustrative high profile case studies like the ford pinto case enron walmart and british petroleum explores how ethical theory informs business policy and practice presents unresolved contemporary case studies for consideration inviting readers to participate in the decision making and offer their own recommendations the latest in the this is philosophy series this is business ethics features supplemental online resources for instructors and students at wiley com enus thisisphilosophy thisisbusinessethicsanintroduction

resolving moral issues in business the ethical landscape of business is constantly changing and the new edition of business ethics concepts and cases has been revised to keep pace with those changes most effecting business accelerating globalization constant technological updates proliferating of business scandals business ethics concepts and cases introduces the reader to the ethical concepts that are relevant to resolving moral issues in business imparts the reasoning and analytical skills needed to apply ethical concepts to business decisions identifies moral issues specific to a business provides an understanding of the social technological and natural environments within which moral issues in business arise and supplies case studies of actual moral conflicts faced by businesses

since its inception an introduction to business ethics by joseph desjardin has been a cutting edge resource for the business ethics course desjardin's unique approach encompasses all that an introductory business ethics course is from a multidisciplinary perspective it offers critical analysis and integrated perspective of philosophy with management law economics and public policy

business ethics an ethical decision making approach presents a practical decision making framework to aid in the identification understanding and resolution of complex ethical dilemmas in the workplace focuses exclusively on three basic aspects

of ethical decision making and behavior how it actually takes place how it should take place and how it can be improved uses real life examples of moral temptations and personal ethical dilemmas faced by employees and managers discusses the biases psychological tendencies moral rationalizations and impact of self interest as impediments to proper ethical decision making includes relevant examples of ethical misconduct and scandals appearing in the news media

business ethics is designed to meet the scope and sequence requirements of the single semester business ethics course this title includes innovative features designed to enhance student learning including case studies application scenarios and links to video interviews with executives all of which help instill in students a sense of ethical awareness and responsibility this is an adaptation of business ethics by openstax you can access the textbook for free at openstax.org minor editorial changes were made to ensure a better ebook reading experience textbook content produced by openstax is licensed under a creative commons attribution 4.0 international license

the fourth edition of this book introduces business ethics concepts tools and theories then applies them to key stakeholder groups it takes a global approach in a market dominated by us texts the accessible style and thorough pedagogy ensure the book is both student and teacher friendly

what has ethics got to do with my job how can i take on ethical responsibility and help to make my company more successful at the same time although ethical responsibility has become something of a catchphrase these days most people only have a vague idea what it means and how it can be demonstrated in actual practice disasters like the volkswagen s emission scandal the oil spill in the gulf of mexico the nuclear meltdown of fukushima the global financial crisis and countless lesser known cases of damage to human beings and the environment are the result of unethically irresponsible business practices efforts to maximize profits frequently lead to reckless behavior as those in charge focus on short term benefits and ignore social and environmental risks their actions have negative consequences not only for the victims but in many cases for the perpetrators themselves too aggrieved interest groups or disadvantaged stakeholders may react with strikes public protests or boycotts jeopardizing their reputation and profitability this textbook applied business ethics is the result of many years of research work and lecturing and is an attempt to present the most important principles and the latest approaches in business ethics to students teachers and business practitioners alike and help them to make business decisions that everyone concerned will benefit from rather than just a few fortunate stakeholders the author illustrates his theoretical subject matter with practical examples of real life situations and provides numerous exercises to help the reader grasp complex issues moral dilemmas and business risks better in clear accessible and easily understandable terms he demonstrates how ways of finding satisfactory solutions can be found in a systematic way thanks to interdisciplinary research and philosophical reflection

the best selling text of its kind on the market business ethics case studies and selected readings 7e international edition gets behind the decision making process of business leaders today to illustrate why good leaders often make questionable decisions this fascinating collection exposes common themes in less than ethical decision making and shows why leaders make ethical compromises in business that they would not make in their personal lives a combination of short and long cases readings hypothetical situations and current ethical dilemmas business ethics case studies and selected readings international edition provides students with a stimulating and thorough basis for evaluating business ethics and encourages stronger values in future business leaders

blending academic theory with real world cases the third edition of this book provides a self contained course in business ethics the book is suitable for undergraduate and postgraduate students with or without practical experience in the business world

this book provides assistance to employees by taking a journey through the challenging world of business ethics at the ground level of the organization rather than flying through the abstract concepts and philosophical arguments at the treetop level by examining issues and scenarios that relate directly to their work environment and their degree of autonomy in that environment employees can develop a clearer sense of how their corporate code of ethics relates to operational decisions made on a daily basis

business ethics provides a thorough review and analysis of business ethics issues using several learning tools strategic stakeholder management as the theme all chapters use a strategic stakeholder approach as a unifying theme the text is thus the

first text that adopts this approach most business ethics scholars and practitioners agree that successful ethical companies are the ones that can strategically balance the needs of their various stakeholders by adopting this approach students will be able to see how the various aspects of business ethics are connected theory based and application based all chapters have important applicable theories integrated with discussion of how such theories apply in practice unlike other texts that are either too theoretical or too practical this text provides the appropriate blend of theory and practice to provide deeper insights into the concepts covered in the chapter global perspective unless most other texts this text provides a global perspective on business ethics most chapters include material pertaining to ethics in global contexts included are cases about companies in a wide range of countries including japan u k china and india among many others cases the text contains over 30 real world global cases each chapter ends with a short two page case as well as a longer case that varies in length each has discussions questions at the end finally each of the four parts ends with a comprehensive case proven teaching cases from the ivy school and other sources

an option for business ethics course offered in business schools or in philosophy departments this text balances the perspectives of business and philosophy in the cases and readings the focus of this text is on the benefits of good corporate conduct to the companies who practice good business ethics

events such as trafigura s illegal dumping of toxic waste in côte d ivoire and bp s environmentally disastrous oil spill in the gulf of mexico have highlighted ethical issues in international business at a time when business leaders academics and business schools were reflecting on their own responsibilities following the global financial crisis the scope and scale of the global operations of multinational businesses means that decisions taken in different parts of the world have far reaching consequences beyond the national settings where employees are located or where firms are registered and as such an awareness of these responsibilities needs to be integrated into all levels and all subjects using four guiding principles a critical multi level approach rooted in the tradition of european social theory a comparative and international perspective a global rather than just a european or american stand point and engaging with subject specific issues this book aims to mainstream business ethics into the work of teachers and students in business schools this comprehensive volume brings together contributions from a range of experts in different areas of business studies thereby facilitating and encouraging a move away from business ethics being a box to be ticked to being an integrated consideration across the business disciplines this impressive book brings ethical considerations back to the heart of the business curriculum and in doing so provides a companion for the progressive business student throughout their university career

this concise and engaging advanced introduction provides the conceptual tools necessary to make ethical decisions in today s business world john hooker provides an objective and closely reasoned analysis of ethical issues based on a unified conceptual framework that distils the best of ethical thought into three clearly articulated principles the generalization utilitarian and autonomy principles

for undergraduate business ethics courses the ethical training business students need to be successful in today s challenging business world recent scandals have created a mistrust that has spread through the entire business sector jeopardising public confidence in the stock market and economy now more than ever it s important for students to understand the moral foundations rules and implications that are vital to the core of business business ethics presents an in depth introduction of business ethics that emphasises the role of ethics as a critical part to management success
