excerpt from Goethe's *Hermann und Dorothea* edited with introduction, appendices, notes, and vocabulary in college classes. *Hermann und Dorothea* is often unavailable for it has already been read more or less thoroughly in preparatory schools by not a few of the members of the college class. In this edition, therefore, extra reading matter has been added in the way of appendices: the poem itself can be assigned for reading or re-reading outside of class; the selections from Humboldt and Schlegel can be read and discussed in class in this manner; the poem can be studied where it will be fully appreciated.
