many of today's discipline problems result from student responses to outdated practices this book lives up to its title providing innovative approaches that demonstrate leadership rather than management teachers discover creative and proactive ways to engage students in the development of learning environments that are positively charged cooperatively structured and self governed dutchess maye fellow for instructional design north carolina teacher academy morrisville nc a classroom leadership model of prevention intervention and problem solving for both teachers and students emphasizing a leadership model for effective classroom management rather than relying on strategies for compliance and control this updated edition of the bestseller describes a comprehensive approach that encourages teachers to reevaluate their beliefs roles and practices and engages students as partners in creating a powerfully supportive learning environment offering a unique perspective on classroom leadership that helps teachers address potential problems

before learning is disrupted this resource shows how integrating leadership into daily classroom life enhances learning by strengthening students autonomy self esteem and connectedness with others reflecting the author s years of experience and filled with more real life examples new techniques and ready to use worksheets the book provides an interactive process that allows teachers to foster leadership in themselves and their students includes classroom connections personal connections examples checklists and reflective questions with its distinctive and creative perspective on classroom management rethinking classroom management second edition encourages teachers to become mentors and facilitators rather than classroom managers as they empower students to actively participate in their own learning

ten brilliant approaches that are disrupting us education and actionable advice for their broader implementation

the world has changed how will society emerge post pandemic will we take the opportunity to reset the status quo and if so what possibilities are there for architects to take the initiative in designing this new world this innovative design guide draws together expert guidance on designing in the immediate aftermath of the pandemic for key architectural sectors housing workplace civic and cultural hospitality education infrastructure and civic placemaking it provides design inspiration to architects on how they can respond to the challenges and opportunities of a post pandemic environment and how architects ensure they are at the forefront of the best design in this new world looking at each sector in turn it covers the challenges specific to each and how delivering these designs might differ from the pre pandemic world as well as post pandemic design the vital issue of climate change will be threaded through each sector with many cross overs between designing for the climate emergency and designing for a world after a pandemic both seek to make the world a safer happier and more resilient place written by set of contributing design experts this book is for all architects whether sole practitioners or working in a larger practice as well as inspirational design guidance it also provides client perspectives crucial for understanding how clients are planning for the future too

what does it mean to engage in ethical anti racist pastoral care with women with mental illness particularly if these women are residents of an inpatient psychiatric hospital this book draws on interviews with eighteen chaplains in three psychiatric facilities to examine psychiatric chaplaincy with women in the context of a state psychiatric hospital it combines the voices of the chaplains with the disciplines of christian social ethics and feminist womanist and intercultural pastoral care to create just care an approach to pastoral care that accounts for both personal and societal systemic factors in its practice of ministry just care proposes that pastoral care that addresses the entirety of the person necessitates a commitment to justice and an attention to cultural dynamics as foundational for ethical pastoral care it argues that psychiatric pastoral care must honor the communal and individual nature of care both the

particularity of the caregiver and care seeker as well as intersections of culture gender race and class

1 new york times bestseller this this is the right book for right now yes learning requires focus but unlearning and relearning requires much more it requires choosing courage over comfort in think again adam grant weaves together research and storytelling to help us build the intellectual and emotional muscle we need to stay curious enough about the world to actually change it i ve never felt so hopeful about what i don t know brené brown ph d 1 new york times bestselling author of dare to lead the 1 new york times bestselling author of hidden potential originals and give and take examines the critical art of rethinking learning to question your opinions and open other people s minds which can position you for excellence at work and wisdom in life intelligence is usually seen as the ability to think and learn but in a rapidly changing world there s another set of cognitive skills that might matter more the ability to rethink and unlearn in our daily lives too many of us favor the comfort of conviction over the discomfort of doubt we listen to opinions that make us feel good instead of ideas that make us think hard we see disagreement as a threat to our egos rather than an opportunity to learn we surround ourselves with people who agree with our conclusions when we should be gravitating toward those who challenge our thought process the result is that our beliefs get brittle long before our bones we think too much like preachers defending our sacred beliefs prosecutors proving the other side wrong and politicians campaigning for approval and too little like scientists searching for truth intelligence is no cure and it can even be a curse being good at thinking can make us worse at rethinking the brighter we are the blinder to our own limitations we can become organizational psychologist adam grant is an expert on opening other people s minds and our own as wharton s top rated professor and the bestselling author of originals and give and take he makes it one of his guiding principles to argue like he s right but listen like he s wrong with bold ideas and rigorous evidence he investigates how we can embrace the joy of being wrong bring nuance to charged conversations and build schools workplaces and communities of lifelong learners you ll learn how an international debate champion wins arguments a black musician persuades white supremacists to abandon hate a vaccine whisperer convinces concerned parents to immunize their children and adam has coaxed yankees fans to root for the red sox think again reveals that we don t have to believe everything we think or internalize everything we feel it s an invitation to let go of views that are no longer serving us well and prize mental flexibility over foolish consistency if knowledge is power knowing what we don t know is wisdom

not a method of turning your degree back in and having your loans forgiven but an argument that by becoming vocational schools measured by reduced cost and efficient production colleges and universities are neglecting their essential purpose the reason for college education says allan is to provide an environment within which students can absorb the moral practices that determine how they can acquire and evaluate knowledge best conduct their lives and become responsible adults he maintains that such learning requires imagination dialogue conversation and cultured intercourse annotation
