extracts from the text why are fifteen million children and youth in poverty not achieving when we know that low income students excel in the classrooms of star teachers who comprise approximately 8 percent of the teaching force whose needs or interests are being met in education reform today in my own institution there has not been a systematic assessment of the effectiveness of the basic teacher education program since the institution

was founded over a century ago as a teachers college imagine not one ever teachers who empathize with students and the life challenges they face soon realize that the dysfunctional bureaucracies will not permit them to meet the needs of their students half of the starry eyed beginners are gone in five years or less why does teacher education focus on the managerial instrumental or delivery system aspects of the profession the expert advice dispensed by schools of education regarding what future teachers should do is not connected to any theory of learning or to any reality of life in school classrooms why has the recruitment process resulted in a cohort of teachers who are unable to connect with their students does a qualified teacher equate to a quality teacher the best hope of getting more effective teachers from university teacher preparation programs is to base their budgets on the number of their graduates who serve in challenging schools and their effectiveness with children and youth at the district level the salaries of hiring officials should be based on how well these officials identify and retain quality teachers in this book 12 distinguished scholars provide a hard hitting thoroughly researched historical and theoretical critique of our schools of education and offer clear recommendations on what must be done to ensure all children can achieve their potential and contribute to a vibrant democratic society

collating various case studies policies and other real world research this book examines effective high impact learning practices and demonstrates approaches that promote learning communities and common intellectual experiences

includes part 1 number 1 books and pamphlets including serials and contributions to periodicals january june

this volume asserts that international and intercultural experiences are powerful vehicles for first year college students to learn the perspectives and skills necessary to function interdependently in a rapidly changing and complex world this thesis is developed through an in depth case study of efforts to provide such learning opportunities in a project called the first year intercultural experience at hartwick college a 4 year liberal arts and sciences institution in oneonta new york the focus is on one of the courses europe in transition which included an off campus component in germany and france fifteen first year students participated findings from the case study show the usefulness of working with young undergraduates and the importance of student centered approaches to learning and teaching the chapters are 1 the context of undergraduate intercultural education in the 21st century 2 an overview of hartwick college 3 an administrator s perspective the development of the first year intercultural experience david bachner 4 an economics professor s perspective educational and personal considerations laurence malone 5 a foreign language professor s perspective educational and personal considerations mary

snider 6 student perspectives learning interdependence in an international setting 7 evaluations of the first year intercultural experience and 8 five conclusions about learning interdependence through the first year intercultural experience an appendix contains sample syllabi and course descriptions for some other intercultural learning experiences contains 91 references sld

canada s magazine for physical and health educators
