in 1983 at the age of thirty dissident artist ma jian finds himself divorced by his wife separated from his daughter betrayed by his girlfriend facing arrest for spiritual pollution and severely disillusioned with the confines of life in beijing so with little more than a change of clothes and two bars of soap ma takes off to immerse himself in the remotest parts of china his journey would last three years and take him through smog choked cities and mountain villages from scenes of barbarity to havens of tranquility remarkably written and subtly moving the result is an insight into the teeming contradictions of china that only a man who was both insider and outsider in his own country could have written

during the early modern period muslims in china began to embrace the chinese characteristics of their heritage several scholar teachers incorporated tenets from traditional chinese education into their promotion of islamic knowledge as a result some sino muslims established an educational network which utilized an islamic curriculum made up of arabic persian and chinese works the corpus of chinese islamic texts written in this system is collectively labeled the han kitab interpreting islam in china explores the sino islamic intellectual tradition through the works of some its brightest luminaries three prominent sino muslim authors are

used to illustrate transformations within this tradition wang daiyu liu zhi and ma dexin kristian petersen puts these scholars in dialogue and demonstrates the continuities and departures within this tradition through an analysis of their writings he considers several questions how malleable are religious categories and why are they variously interpreted across time how do changing historical circumstances affect the interpretation of religious beliefs and practices how do individuals navigate multiple sources of authority how do practices inform belief overall he shows that these authors presented an increasingly universalistic portrait of islam through which sino muslims were encouraged to participate within the global community of muslims the growing emphasis on performing the pilgrimage to mecca comprehensive knowledge of the qur an and personal knowledge of arabic stimulated communal engagement petersen demonstrates that the integration of sino muslims within a growing global environment where international travel and communication was increasingly possible was accompanied by the rising self awareness of a universally engaged muslim community

concepts principles history classification structure and function analysis of various models in the same production sector and in different sectors at different scales in mountain and dryland ecosystems the book is aimed primarily at young post graduate scientists in the disciplines or at agronomy forestry animal husbandry land use management and ecology experts

blending fact and fiction this darkly comic fable may be the purest distillation yet of mr ma s talent for probing the country s darkest corners and exposing what he regards as the communist party s moral failings mike ives the new york times called red guards meet kurt vonnegut powerful by margaret atwood on twitter china dream is an unflinching satire of totalitarianism ma

daode a corrupt and lecherous party official is feeling pleased with himself he has an impressive office three properties and multiple mistresses who text him day and night after decades of loyal service he has been appointed director of the china dream bureau charged with replacing people s private dreams with president xi jinping s great china dream of national rejuvenation but just as he is about to present his plan for a mass golden wedding anniversary celebration his sanity begins to unravel suddenly plagued by flashbacks of the cultural revolution ma daode s nightmare visions from the past threaten to destroy his dream of a glorious future exposing the damage inflicted on a nation s soul when authoritarian regimes driven by an insatiable hunger for power seek to erase memory rewrite history and falsify the truth china dream is a dystopian vision of repression violence and state imposed amnesia that is set not in the future but in china today

this book based on extensive original research explores cultural exclusion in china in particular with regard to ethnic minorities demonstrating how educational inequality and cultural exclusion lie at the root of the widely recognised problems of poverty and economic inequality

the chinese government is increasingly focusing on ecological construction and has subscribed to a national ecological civilization construction ecological research and protection practice develop so fast and achieve a lot at the national agenda this book is a synthesis of five most exciting and dominant themes in contemporary ecological research in china biodiversity ecosystem management degraded ecosystem restoration global change and sustainable development this book spans all the earth s major ecosystems such as forests oceans grasslands wetlands lakes rivers farmland and cities this book provides a platform for

scientific research across a variety of disciplines it will be invaluable to experts policymakers and local officers and will also be a highly useful resource for undergraduate and postgraduate students this book will allow researchers students and policymakers outside china to learn about the significant achievements and applications of ecological research within china
