this book clarifies the misconceptions and misinterpretations of the chinese path through historical and market logic the author begins with a historical review of chinese institutions from their cultural origins to their modern connotations chinese regard unity over individualism chinese are more cooperative intrapersonal and defensive than competitive invasive and expansive the market economy is another factor that emphasizes the importance of a peaceful environment and stable system of international institutions so as to achieve sustainable development in china in closing the author provides an outlook on the role and responsibility of china as a great power towards developed countries neighbors new economic groups and developing countries china s development means much to the world

in 1983 at the age of thirty dissident artist ma jian finds himself divorced by his wife separated from his daughter betrayed by his girlfriend facing arrest for spiritual pollution and severely disillusioned with the confines of life in beijing so with little more than a change of clothes and two bars of soap ma takes off to immerse himself in the remotest parts of china his journey would last three years and take him through smog choked cities and mountain villages from scenes of barbarity to havens of tranquility remarkably written and subtly moving the result is an insight into the teeming contradictions of china that only a man who was both insider and outsider in his own country could have written

according to a chinese myth four animals helped create the universe this ancient story joins nine other descriptions of chinese life and culture from the five tones of the chinese musical scale to the seven zones of vegetation found in china jim haskins s simple text and dennis hockerman s stunning illustrations give children an opportunity to get to know their neighbors across the pacific

for courses in religions of the world history of religions comparative religion and introduction to religious studies in departments of religion religious studies theology and philosophy unique in approach this text combines an historical descriptive presentation of individual religions with a comparative thematic approach it begins with a discussion of the basic human questions and concerns relating to religion e g origin and identity ultimate reality human nature and the good life and then uses these essential concepts to help describe the beliefs practices and historical development of each religion as the work of a single scholar much of it based on original research this book offers a consistency and depth missing in many of the texts in this field

this adaptation provides hard to find and well researched china cases that offer insights while covering a wide variety of contexts spanning international companies operating in china to chinese companies that are beginning to venture overseas

beginning apr 1895 includes the proceedings of the east india association
