make log processing a real asset to your organization with powerful and free open source tools in logging in action you will learn how to deploy fluentd and fluent bit into traditional on premises iot hybrid cloud and multi cloud environments both small and hyperscaled configure fluentd and fluent bit to solve common log management problems use fluentd within kubernetes and docker services connect a custom log source or destination with fluentd s extensible plugin framework logging best practices and common pitfalls logging in action is a guide to optimize and organize logging using the cncf fluentd and fluent bit projects you ll use the powerful log management tool fluentd to solve common log management and learn how proper log management can improve performance and make management of software and infrastructure solutions easier through useful examples like sending log driven events to slack you ll get hands on experience applying structure to your unstructured data about the technology don t fly blind an effective logging system can help you see and correct problems before they cripple your software with the fluentd log management tool it s a snap to monitor the behavior and health of your software and infrastructure in real time designed to collect and process log data from multiple sources using the industry standard json format fluentd delivers a truly unified logging layer across all your systems about the book logging in action teaches you to record and analyze application and infrastructure data using fluentd using clear relevant examples it shows you exactly how to transform raw system data into a unified stream of actionable information you ll discover how logging configuration impacts the way your system functions and set up fluentd to handle data from legacy it environments local data centers and massive kubernetes driven distributed systems you ll even learn how to implement complex log parsing with regex and output events to mongodb and slack what s inside capture log events from a wide range of systems and software including kubernetes and docker connect to custom log sources and destinations employ fluentd s extensible plugin framework create a custom plugin for niche problems about the reader for developers architects and operations professionals familiar with the basics of monitoring and logging about the author phil wilkins has spent over 30 years in the software industry has worked for small startups through to international brands

table of contents	part 1 from zero to hello world
1 introduction to fluentd	2 concepts architecture and deployment of fluentd
part 2 fluentd in depth	3 using fluentd to capture log events
4 using fluentd to output log events	5 routing log events
6 filtering and extrapolation	part 3 beyond the basics
7 performance and scaling	8 driving logs with docker and kubernetes
9 creating custom plugins	part 4 good logging practices and frameworks to maximize log value
10 logging best practices	11 logging frameworks

research in action engages the researcher who wants to live up to the challenges of contemporary science and to contribute to innovation and social change this ambition to contribute to change raises many questions how to define the main target group of the research what role does this group play in the research which methods of data collection are most appropriate who are the commissioners of the research and do their interests match with those of the prime target group how to deal with power relations in research situations what do these issues mean for the relation of researcher with the people in the researched situation and last but not least what does it all imply for the researcher him or herself these questions have to be dealt with in situations in which the design and organization of the research is still open but also in situations where these have already been preformatted through the research proposal or earlier developments in any case they have to be framed in the theoretical considerations of what is science this book aims to assist scholars and practitioners who would want to deal with this kind of research and questions the book does not offer recipes nor fixed scenarios it presents a series of practical research cases and theoretical insights by experienced researchers who themselves struggled with what is probably the most meaningful questions of the science today the practical examples of research in action are from different disciplines and include themes from health care policy research agricultural technology and education in northern and southern context four leading themes of research in action are introduced in the first chapter in the last chapter the editors return to the dilemmas research in action and try to clarify the options and responses that are possible in different situations

this book defines the notion of applied sign linguistics by drawing on data from projects that have explored sign language in action in various domains the book gives professionals working with sign languages signed language teachers and students research students and their supervisors authoritative access to current ideas and practice

audio book out now it is now 25 years since the first edition of person centred counselling in action appeared offering the definitive exposition of the theory and practice of the person centred approach since then the book has supported and inspired hundreds of thousands of trainees and practitioners worldwide this important fourth edition maintains the book's accessibility clarity and verve whilst incorporating new developments in the approach john mcLeod joins authors dave mearns and brian thorne to contribute an exciting new chapter on research relevant to the person centred field person centred counselling in action fourth edition will be an invaluable resource for those embarking on their first stages of training well established practitioners and even seasoned scholars will continue to find much to interest

and stimulate them dave mearns is professor of counselling and retired director of the counselling unit of the university of strathclyde he has written seven books including working at relational depth in counselling and psychotherapy with mick cooper and is co editor of the international journal person centered and experiential psychotherapies brian thorne is emeritus professor of counselling at the university of east anglia norwich where he was previously director of counselling and of the centre for counselling studies he is also a co founder of the norwich centre and continues to work there as a professional fellow john mcLeod is emeritus professor of counselling at the university of abertay dundee and adjunct professor of psychology at the university of oslo norway

this reader brings together carefully selected material from a wide range of authors on the meaning and status of divine action it samples the recent literature on providence miracle prayer and grace together with some relevant classical texts topics include locating god s action images of divine control human freedom in relation to providence and grace the nature of and evidence of miracle prayer and pain answers to prayer and the experience of grace contributors include peter baelz karl barth vincent brummer david hume david jenkins c s lewis helen oppenheimer d z phillips karl rahner paul tillich thomas tracy victor white and maurice wiles

this book examines the work of pioneers teachers who have transformed their classrooms in an effort to broaden the literacy of their students describing some of the most innovative examples of teaching and learning

despite the key role played by second language acquisition sla courses in linguistics teacher education and language teaching degrees participants often struggle to bridge the gap between sla theories and their many applications in the classroom in order to overcome the transfer problem from theory to practice andrea nava and luciana pedrazzini present sla principles through the actions and words of teachers and learners second language acquisition in action identifies eight important sla principles and involves readers in an experiential approach which enables them to explore these principles in action each chapter is structured around three stages experience and reflection conceptualisation and restructuring and planning discussion questions and tasks represent the core of the book these help readers in the process of experiencing sla research and provide them with opportunities to try their hands at different areas of language teachers professional expertise aimed at those on applied linguistics ma courses tesol efl trainees and in service teachers second language acquisition in action features key questions at the start of each chapter data based tasks to

foster reflection and to help bridge the gap between theory and practice audiovisual extracts of lessons on an accompanying website further reading suggestions at the end of each chapter

the government must show how the excellent medical care being delivered to injured service personnel will continue long after the memory of the afghan operation fades this report which gives praise to the first class medical treatment provided for the armed forces questions whether the support for injured personnel will be sustainable over the long term in particular the committee is concerned about the number of people who may go on to develop severe and life limiting physical mental health alcohol or neurological problems there is still a question mark over whether the government as a whole fully understands the likely future demands and related costs

first published in 1997 pressures to find ways of delivering courses to new markets lifelong learners and part time students have all contributed to the growth in finding ways of delivering flexible learning this book provides case studies to illustrate the diversity of approaches and gives advice on good practice the case studies paint a broad picture of flexible learning developments in higher education in the united kingdom australia and the united states of america several trends concerning the introduction of flexible learning have emerged and the contributors examine strategies that have been developed at an institutional or departmental level for supporting flexible learning initiatives

integrating teaching learning and action research enhancing instruction in the k 12 classroom demonstrates how action research can be used as an integral component of teaching and learning and how teacher researchers can engage students as participatory researchers to accomplish highly effective learning outcomes the text details student research processes chapter by chapter and demonstrates through examples and multiple lesson plans how these processes can be incorporated into classroom lessons and linked to state courses of study and performance standards this timely text provides the means to upgrade student performance and maximize the possibility of success for all

a landmark issue celebrating the 25th anniversary of supergirl after her debut in the pages of action comics 252 but if the energy sucking purple pariah the parasite has anything to say about it it could very well be the girl of steel s final celebration

vol 1 is a reprint of 1834 edition

As recognized, adventure as capably as experience very nearly lesson, amusement, as well as conformity can be gotten by just checking out a books **Redis In Action** after that it is not directly done, you could acknowledge even more nearly this life, almost the world.
