for many decades the arab gulf was considered to be a western particularly british sphere of influence much has changed in recent years the states in the region have come to control their own destinies much more and britain has been supplanted by the us as the western country with the greatest interests in the region however the

picture has been complicated by differences of opinion within the region and by wider international relations issues this book first published in 1985 examines the relations between the arab gulf and the west in all their ramifications considering the question from historical economic cultural and international relations perspectives it puts forward views both from a western and a gulf standpoint it concludes with a discussion of current trends and likely future developments

this book examines how the women s movement is affecting traditional religions and civilizations throughout the world it reviews cases of global impact in hinduism buddhism taoism confucianism judaism christianity islam and australian aboriginal religion this volume completes the trilogy devoted to women in world religions edited by arvind sharma the second book in the series is entitled religion and women the present work surveys the position of women in the religious traditions covered in the first volume of the trilogy women in world religions placing these traditions in contemporary context

the west stolen africas wealth and invested it in the imf world bank and european bank through the colonization of africa the west not only managed to impoverish the african continent but it managed to build its own world class infrastructure through ill gotten wealth from africa africa is the richest continent on the face of the world as far as mineral resources is concern but africans are the poorest people on the face of the world its an open secret that the majority of skyscrapers in the us were built by african slaves who were bought from gore island in senegal at the cheapest price and transported to the us from the dark age until to the information age the african continent is the only continent where there is no perennial political peace africans have been on the run from their civil wars for quite a long period of time to the point that some africans have emigrated from the african continent to live in the west where they are not even welcomed and accepted african mineral resources are sufficient enough to the point that if they were equally and fairly utilized in the interest of the africa people africa was going to be a poverty free continent unfortunately opposite is the case the african mineral resources continue to enrich the westerners at the expense of the african people africans are political free but remain economically in prison which they cant see smell touch or feel the west destabilizes the african continent by pouring military weapons to the african continent to ensure that bloodshed does not cease

the famous bone beds of the morrison formation formed one hundred and fifty million years ago and running from wyoming down through the red rock region of the american southwest have yielded one of the most complete pictures of any ancient vertebrate ecosystem in the world jurassic west second edition tells the story of the life of this ancient world as scientists have so far been able to reconstruct it aimed at the general reader jurassic west second edition recounts the discovery of many important late jurassic dinosaurs such as apatosaurus allosaurus and stegosaurus but dinosaurs compose barely a third of the more than 90 types of vertebrates known from the formation which include crocodiles and turtles frogs and salamanders dinosaurs and mammals clams and snails and ginkgoes ferns and conifers featuring nearly all new illustrations the second edition of this classic work includes new taxa named since 2007 updates to the naming and classifications of some old taxa and expanded sections on numerous aspects of morrison formation paleontology and geology

as the cradle of the ancient maritime silk road the south china sea plays an important role in the history of civilization since the south china sea opened to the outside world as a commercial port in 111 bc it has experienced ups and downs with dynasties changing over time the chinese south china sea has undergone dramatic changes and experienced rises and falls along with the economic and cultural development of the maritime silk road it is still one of the most active and dynamic regions across china and even the whole world this book reviews the history and analyzes the current situation and bright future of the south china sea in this book the social economic and cultural synthesis in the south china sea is examined as well as trade and cultural communications the scope of the book centers around economic trade and cultural development which is the starting point and main theme
