this major new handbook provides a cutting edge and transdisciplinary overview of the main issues debates state of the art methods and key concepts in peace and conflict studies today the handbook of peace and conflict studies will be essential reading for students of peace studies conflict studies and conflict resolution it will also be of interest and use to practitioners in conflict resolution and ngos as well as policy makers and diplomats

this book examines one of the most important questions in peace research what leads to enduring peace after civil wars and what leads to the resurgence of violence for decades intrastate conflicts have been the predominant form of armed conflict and most recent civil wars were conflicts that recurred the research presented in this book focuses on influenceable factors first and foremost on the type of civil war termination and on the post civil war order that is shaped by the distribution of military power between the former warring parties and the scale of political compromise moreover it shows that the peacekeeping environment has a major influence on whether peace endures the insights provided in this book are relevant for the academic community and for decision makers and practitioners involved in civilian or military efforts to establish and preserve peace

this book investigates stalled and dysfunctional peace processes and peace accords in societies experiencing civil wars using a critical and comparative perspective it offers strategies for rejuvenating and re orientating stalled peace processes and peace accords so that they are more able to foster sustainable and inclusive peace

this book provides insight into anthropocene related studies by ipra s ecology and peace commission the first three chapters discuss the linkage between disasters and conflict risk reduction responses to socio environmental disasters in high intensity conflict scenarios and the fragile state of disaster response with a special focus on aid state society relations in post conflict settings the two following chapters analyse climate smart agriculture and a sustainable food system for a sustainable engendered peace and the ethnology of select indigenous cultural resources for climate change adaptation focusing on the responses of the abagusii in kenya a specific case study focuses on social representations and the family as a social institution in transition in mexico while the last chapter deals with sustainable peace through sustainability transition as transformative science concluding with a peace ecology perspective for the anthropocene

nowhere in the world is the demand for peace more prominent and challenging than in africa from state collapse and anarchy in somalia to protracted wars and rampant corruption in the congo from bloody civil wars and extreme poverty in sierra leone to humanitarian crisis and authoritarianism in sudan the continent is the focus of growing political and media attention this book presents the first comprehensive overview of conflict and peace across the continent bringing together a range of leading academics from africa and beyond peace and conflict in africa is an ideal introduction to key themes of conflict resolution peacebuilding security and development the book s stress on the importance of indigenous africa approaches to creating peace makes it an innovative and exciting intervention in the field

bachelor thesis from the year 2007 in the subject politics region africa grade 17 free university of berlin otto suhr institut für politikwissenschaft language english abstract the signing of the comprehensive peace agreement cpa in nairobi on january 9 2005 was described as a historic moment of great opportunity for the country by then united nations security council president joel adechi of benin the cpa received wide international approval and was praised as a promising chance to end one of africa s longest and fierce civil wars since the end of british colonialism in 1955 more than two million people have been killed and about the same number is said to be a realistic estimate of internally displaced persons idps during the course of sudan s wars the main objective of this paper is to analyze and evaluate the current status of the peace process and the implementation of the cpa as a tool for peacebuilding in sudan at a time where its success seems to be at serious jeopardy the central research question this paper constitutes has three main parts first the question is whether the cpa has the formal quality and extensiveness in its paperwork to effectively conduct a peace process the second part of the question is whether the implementation process is effective punctual and progressive with visible results that indicate a realistic chance for sustainable peace in the sudan the last part discusses chances and possible reasons of a future return to armed conflict between the parties due to the papers limits in length priority will not be put on thoroughly identifying and explaining the importance of all other armed groups oags involved in the conflict without failing to recognize their existence and importance the main focus will be put on the parties which signed the cpa as the official representatives of north and south the national congress party ncp and the sudanese peoples liberation movement army splm a it will discuss and analyze the overall development of the peace process since the signing of the cpa in 2005 central weaknesses of the cpa s implementation process are to be identified these key areas will be security instability due to the

presence of oags issue of border demarcation the status question of abyei oil revenue sharing and the general negative attitude towards the cpa implementation by the ncp

this volume provides an overview of the costs benefits consequences and prospects for rebuilding nations emerging from violent conflict the rationale for this comes from the growing realization that in the post cold war era and in the aftermath of 9 11 our understanding of conflict and conflict resolution has to include consideration of the conditions conducive to sustaining the peace in nations torn by civil war or interstate conflict the chapters analyze the prospects for building a sustainable peace from a number of different perspectives examining the role of economic development democratization respect for human rights the potential for renewal of conflict the united nations and other critical topics in an age when nation building is once again on the international agenda and scholars as well as policy makers realize both the tremendous costs and benefits in fostering developed democratic peaceful and secure nations the time has truly come for a book that integrates all the facets of this important subject conflict prevention and peace building in post war societies will appeal to students and scholars of peace studies international relations security studies and conflict resolution as well as policy makers and analysts

the third volume in a magisterial five volume study of the political economy of american warfare

contains the proceedings of the papers presented at the seventh ossrea congress held in december 2002 in khartoum sudan

while europe has traditionally been the role model for international cooperation this volume suggests a new highly successful mode using a flourishing operational code of diplomacy known as the asian way asian regional cooperation has gone even further to unite disparate countries for economic and political objectives culminating twenty years of research this volume defines the asian way it then provides details on fifty regional organizations in an effort to study this spirit of regional cooperation highlighting the association of south east asian nations asean the author concludes that asian international relations has been aseanized and increased economic progress has been advanced in two decades through the application of the asian way examining in microcosm how nations conduct their foreign relations in asia this volume provides an extensive list of regional organizations it details their organizational charts provides membership lists and reveals funding formulas and projects undertaken the author explains how

through the application of the principles of the asian way the countries of southeast asia have resolved their conflicts harmonized foreign policies begun projects of regional economic cooperation and ultimately advanced prosperity
