a striking contribution to the conversation that is conservatism wendell berry poet novelist essayist critic farmer has won the admiration of americans from all walks of life and from across the political spectrum his writings treat an extraordinary range of subjects including politics economics ecology farming work marriage religion and education but as this enlightening new book shows such diverse writings are united by a humane vision that finds its inspiration in the great moral and literary tradition of the west in the humane vision of wendell berry mark t mitchell and nathan schlüter bring together a distinguished roster of writers to critically engage berry s ideas the volume features original contributions from rod dreher anthony esolen allan carlson richard gamble jason peters anne husted burleigh patrick j deneen caleb stegall luke schlüter matt bonzo michael stevens d g hart mark shiffman and william edmund fahey as well as a classic piece by wallace stegner together these authors situation berry s ideas within the larger context of conservative thought his vision stands for reality in all its facets and against all reductive isms for intellect against intellectualism individuality against individualism community against

communitarianism liberty against libertarianism wendell berry calls his readers to live lives of gratitude responsibility friendship and love notions that as this important new book makes clear should be at the heart of a thoughtful and coherent conservatism

here is a human being speaking with calm and sanity out of the wilderness we would do well to hear him the washington post book world the art of the commonplace gathers twenty essays by wendell berry that offer an agrarian alternative to our dominant urban culture grouped around five themes an agrarian critique of culture agrarian fundamentals agrarian economics agrarian religion and geobiography these essays promote a clearly defined and compelling vision important to all people dissatisfied with the stress anxiety disease and destructiveness of contemporary american culture why is agriculture becoming culturally irrelevant and at what cost what are the forces of social disintegration and how might they be reversed how might men and women live together in ways that benefit both and how does the corporate takeover of social institutions and economic practices contribute to the destruction of human and natural environments through his staunch support of local economies his defense of farming communities and his call for family integrity berry emerges as the champion of responsibilities and priorities that serve the health vitality and happiness of the whole community of creation
