the rule of law is frequently invoked in political debate yet rarely defined with any precision some employ it as a synonym for democracy others for the subordination of the legislature to a written constitution and its judicial guardians it has been seen as obedience to the duly recognised government a form of governing through formal and general rule like laws and the rule of principle given this diversity of view it is perhaps unsurprising that certain scholars have regarded the concept as no more than a self congratulatory rhetorical device this collection of eighteen key essays from jurists political theorists and public law political scientists aims to explore the role law plays in the political system the introduction evaluates their arguments the first eleven essays identify the standard features associated with the rule of law these are held to derive less from any characteristics of law per se than from a style of legislating and judging that gives equal consideration to all citizens the next seven essays then explore how different ways of separating

and dispersing power contribute to this democratic style of rule by forcing politicians and judges alike to treat people as equals and regard none as above the law

this statutory supplement presents the federal rules of amendments and the relevant advisory committee's notes and congressional reports this edition includes the latest version of proposed new rule 502 as approved by the judicial conference and transmitted to congress in september 2007 together with the advisory committee's note to this proposed rule adopters will receive timely updates from the author
