this book examines the intersection of caste and politics in north india and highlights its contribution to the anthropological study of democracy it argues that the long term process of internalization of democracy within the caste body has fundamentally changed the workings of the indian party system drawing on an in depth ethnographic case study of the gujjars a marginalized caste group in india the book presents a systematic analysis of the political mobilization and culture of political participation of the other backward classes to understand why and how certain caste groups have been more successful in politics than others it discusses various key themes such as popular democracy and the politics of caste regional politics and territoriality myth legends and heroes in the gujjar community the transition from lineage deities to caste deity and the re formation of caste community identity it reveals the symbiotic relationships between religion and caste and shows how religion shapes contemporary caste the book makes an important contribution to the study of marginalised groups and their politicization and fills a significant gap in the political sociology of india it will be useful for scholars and researchers of sociology history exclusion studies dalit studies political studies history social anthropology and south asian studies

the asian crisis triggered ongoing controversy over the imf s role in a new international financial architecture this book argues for a political approach to crisis and reform placing current debates in the context of the politics of financial regulation since bretton woods it explores links between domestic political controversy over imf policy in indonesia korea

malaysia and the united states and the broader politics of imf decision making it argues that unless political arrangements are reformed the imf will face further political challenges

in japan s nuclear disaster and the politics of safety governance florentine koppenborg argues that the regulatory reforms taken up in the wake of the fukushima disaster on march 11 2011 directly and indirectly raised the costs of nuclear power in japan the nuclear regulation authority resisted capture by the nuclear industry and fundamentally altered the environment for nuclear policy implementation independent safety regulation changed state business relations in the nuclear power domain from regulatory capture to top down safety regulation which raised technical safety costs for electric utilities furthermore the safety agency s extended emergency preparedness regulations expanded the allegorical backyard of nimby demonstrations antinuclear protests mainly lawsuits challenging restarts incurred additional social acceptance costs increasing costs undermined pronuclear actors ability to implement nuclear power policy and caused a rift inside the nuclear village small nuclear safety administration reforms were in fact game changers for nuclear power politics in japan koppenborg s findings contribute to the vibrant conversations about the rise of independent regulatory agencies crisis as a mechanism for change and the role of nuclear power amid global interest in decarbonizing our energy supply

the traditional assumption today about race is that it is not political that it has no political content and is a matter of individual beliefs and attitudes in race and the politics of the exception utz mcknight argues that race is in fact political and defines how it functions as a politics in the united states mcknight organizes his book into three sections beginning with a theoretical section about racial politics in the united states using theorists such as benjamin agamben and schmitt mcknight discusses how the idea of racial communities went from being constituted through the idea of racial sovereignty and a politics of the exception that defined blacks as the internal enemy to being constitutionally defined through the institutions of racial equal opportunity in the second section mcknight further develops his critical race theory by exploring in more detail the social use of race today the election of

president obama has brought the politics of racial equality to a critical point in spite of a very powerful set of political tools to define it as a thing of the past race matters in the final section mcknight engages with important african american fiction from each of the three major periods of racial politics in the us earlier descriptions of political theory are used throughout these analyses to refine the argument for a new critical politics of race scholars of political theory identity politics african american studies and american studies will find this work ground breaking and relevant

this path breaking work traces the history of the political exclusion of the ahmadiyya religious minority in pakistan by drawing on revealing new sources this volume is the first ever scholarly study of the declassified material of the court of inquiry that produced the munir kiyani report of 1954 and the proceedings of the national assembly that declared the ahmadis as non muslims through the second constitutional amendment in 1974 the book chronicles the details of anti ahmadi violence and the legal and administrative measures adopted against them and also addresses wider issues of politics of islam in postcolonial muslim nation states and their disputative engagements with the ideas of modernity and citizenship

is commitment to god compatible with modern citizenship in this book daniel h weiss provides new readings of four modern jewish philosophers moises mendelssohn hermann cohen franz rosenzweig and walter benjamin in light of classical rabbinic accounts of god s sovereignty divine and human violence and the embodied human being as the image of god he demonstrates how classical rabbinic literature is relevant to contemporary political and philosophical debates weiss brings to light striking political aspects of the writings of the modern jewish philosophers who have often been understood as non political in addition he shows how the four modern thinkers are more radical and more shaped by jewish tradition than has previously been thought taken as a whole weiss book argues for a fundamental rethinking of the relationship between judaism and politics the history of jewish thought and the ethical and political dynamics of the broader western philosophical tradition

this volume addresses the struggles and strategies applied by the civilian and military administrations to resolve the issue of political instability in nigeria it examines its political history as an entity before britain colonized the area and the constitutional developments since 1914 when britain amalgamated the northern and southern regions to form modern nigeria
