this practical book is designed for anyone who is planning to undertake a research project in the social sciences for the first time organised around eight operational steps it explains difficult procedures step by step

research in its broadest sense may be thought of as the process of systematically collecting and analyzing data to gain a deeper understanding of a topic the research employs methodical approaches to address theoretical and applied concerns studiously inquiring or examining investigating or experimenting to discover interpret facts revise the accepted theories or laws in light of the new facts or put such new or revised theories or laws into practical application is how the oxford english dictionary

defines research some individuals see research as a progression one that moves from the familiar to the unfamiliar inquisitiveness is a fundamental human trait since it compels us to wonder and investigate to get a deeper and deeper grasp of the world around us curiosity is the seed from which all knowledge grows and the process by which humans learn about the world is what we call study the word research must be used in a specialized context since it refers to a scholarly endeavour therefore research is the original addition to the body of knowledge that contributes to its development science is the methodical investigation of the world via the use of analogy comparison and experiment research in a nutshell is the pursuit of answers to questions via the use of a methodical objective process research also includes the methodical process of drawing broad conclusions and developing a hypothesis

the dalit movements in india have occupied significant place in the history of social movements as well as in the discourse of social sciences these movements have addressed numerous issues that facilitate to understand and analyse indian polity the literary expression of political consciousness and movements among or for the dalits in north india is the new emerging trend this trend has served enormously to the cause and widened its constituency the book explores relationship between politics and literature with a critical analysis of texts from the hindi literature both by dalits and nondalits it underlines not only the major issues and concerns of the movements but also to demonstrate that political consciousness is also expressed through many more innovative and creative methods like art and literature
