this book explores ways of overcoming the problems researchers may encounter in collecting and interpreting data generated from hispanic studies

describes in detail the problems encountered and methodology used in attempting to evaluate the census coverage of the hispanic population charts show data on observed and expected sex ratios for the white black and other races and spanish or

describes concepts of latino psychology interventions and research with latino groups living in the usa this text incorporates a wide range of psychological interventions which address current challenges in the mental health health psychology and rehabilitation psychology of latinos

from the arrival of the spaniards to present day influences from cuba puerto rico and mexico essays are not in alphabetical order but in a classified arrangement volume 1 history begins with an interpretive essay that criticizes the lack of recognition of the hispanic influence in the building of the american nation what follows is a collection of essays on such subjects as the spanish exploration conquest and settlement of new mexico 1540 1680 spanish culture of the golden age and eighteenth century and histories of chicanos puerto ricans and cubans in the u s the volume covering hispanic literature and art begins with an essay that attempts to foster an appreciation of puerto rican cuban and chicano arts and letters it goes on to discuss each people s literature by genre which includes theater the novel poetry and the short story other essays discuss women writers the hispanic oral tradition art music cinema and the spanish language press

from the arrival of the spaniards to present day influences from cuba puerto

rico and mexico essays are not in alphabetical order but in a classified arrangement volume 1 history begins with an interpretive essay that criticizes the lack of recognition of the hispanic influence in the building of the american nation what follows is a collection of essays on such subjects as the spanish exploration conquest and settlement of new mexico 1540 1680 spanish culture of the golden age and eighteenth century and histories of chicanos puerto ricans and cubans in the u s the volume covering hispanic literature and art begins with an essay that attempts to foster an appreciation of puerto rican cuban and chicano arts and letters it goes on to discuss each people s literature by genre which includes theater the novel poetry and the short story other essays discuss women writers the hispanic oral tradition art music cinema and the spanish language press

the hispanic community in the u s has long remained silent about its needs for equal opportunity and recognition this collection of essays by recognized scholars explores how puerto ricans chicanos cubans and other latinos have begun to publicly articulate their needs rights and aspirations the volume is divided into three major thematic sections demographic profiles immigration assimilation and cultural identity and socio economic profiles the authors address such questions as who are the hispanics and what are their origins what impact will hispanic population growth have on u s society what demographic factors affect the status of hispanics how does hispanic immigration differ from other prior immigration the essays gather the most recent demographic and socioeconomic data on hispanics and interpret their implications for the present and future of the community

the voting rights act of 1965 which originally was intended to prohibit barriers to black registration and voting has been hailed as a triumph for civil rights and as a catalyst for the election of minorities to public office in both the deep south and the urban north to advance its objective federal courts instructed many cities to change from at large to single member district electoral systems as a way to ensure that minorities had a reasonable chance to elect representatives

of their choice in the first book to critique the implementation of this landmark legislation in a major american city ruth morgan examines its effect on local governance over forty years in dallas and shows that it had unintended consequences for racial politics representation and public policy breaking from studies that measure the success of the vra in terms of increased minority representation morgan assesses the consequences of the act for dallas city government and for the wider interests of minorities as well while endorsing the original intent of the vra morgan believes that this intent was subverted by subsequent amendments to the act and by the courts attempts to advance the political standing of particular minority groups she argues that court imposed single member districts have created in dallas a city council infected with parochialism and careerism a result of members no longer having to compromise to win citywide votes and have had an adverse impact on governmental effectiveness and voter turnout with corruption and cronyism now rampant voting rights legislation and litigation have ultimately failed to fulfill the hopes and aspirations of the unempowered and the district system has created an incentive for continued racial separation governance by decree offers a pointed assessment of the complexities and contradictions produced by the voting rights law while at the same time calling for the federal judiciary to exercise restraint in imposing its will when it lacks the capacity to make choices that are inherently political morgan s powerfully argued case study should inspire much debate and inform forthcoming congressional deliberations over the renewal of the preclearance section of the vra in 2007

this book focuses on the hispanic population in the united states reviews sociodemographic data migration patterns and economic health and nutritional situations discusses the persistence of ethnic effects on food habits and the role of women in nutrition details dietary strengths and weaknesses among various hispanic groups examines diet related diseases and obesity as present day problems among certain segments of the hispanic population presents a discussion of the u s dietary guidelines and their application to

hispanic diets demonstrates how to reach hispanics through diet counseling and nutrition education and provides useful techniques and approaches for assessing food intake among hispanics
