evidence based education is an attempt to find critique and implement the highest quality research evidence that underpins the education provided to students this comprehensive book presents concepts key to evidence based education learning and teaching analysing a wide range of allied health professions in depth it introduces unique inspirati

international literacy assessments have provided ample data for ranking nations charting growth and casting blame summarizing the findings of these assessments which afford a useful vantage from which to view world literacy as it evolves this book examines literate behavior worldwide in terms of both the ability of populations from a wide variety of nations to read and the practice of literate behavior in those nations drawing on the world's most literate nations author jack miller's internationally released study emerging trends in world literacy and their relationships to political economic and social factors are explored literacy and in particular the practice of literate behaviors is used as a lens through which to view countries economic development gender equality resource utilization and ethnic discrimination above all this book is about trajectories it begins with historical contexts described in terms of support for literate cultures based on a variety of data sources these trends are traced to the present and then projected ahead the literate futures of nations are discussed and how these relate to their economic and sociocultural development this book is unique in providing a broader perspective on an intractable problem a vantage point that offers useful insights to inform policy and in bringing together an array of relevant data sources not typically associated with literacy status

inclusive growth in australia overturns two decades of assumptions that social policy is wasteful and a source of dependency it reflects a global resurgence of the understanding that an active and effective social policy regime is vital not only for a flourishing society but also for a strong economy it explains this new paradigm of

inclusive growth and shows how it can be implemented in australia inclusive growth dismantles the idea that social development will automatically trickle down from untrammelled market based growth rather growth must be managed so that it is employment centred broad based across sectors and with a social security system promoting sustainability and equality of opportunity the editors argue that productivity is nearly everything when it comes to raising living standards so while social policies will be about goals other than the economy they must demonstrate their compatibility with an economic growth strategy with contributions from leading national and international experts in the field including marian baird grant belchamber gerald burke saul eslake roy green and peter whiteford inclusive growth in australia shows that welfare state spending is as much an economic investment as a measure of social protection written for policy makers industry and ngos as well as students inclusive growth in australia locates australian economic and social policy within the most important emergent themes shaping international debate

the handbook of local and regional development provides a comprehensive statement and reference point for local and regional development the scope of this handbook s coverage and contributions engages with and reflects upon the politics and policy of how we think about and practise local and regional development encouraging dialogue across the disciplinary barriers between notions of local and regional development in the global north and development studies in the global south this handbook is organized into seven inter related sections with an introductory chapter setting out the rationale aims and structure of the handbook section one situates local and regional development in its global context section two establishes the key issues in understanding the principles and values that help us define what is meant by local and regional development section three critically reviews the current diversity and variety of conceptual and theoretical approaches to local and regional development section four address questions of government and governance section five connects critically with the array of contemporary approaches to local and regional development policy section six is an explicitly global review of perspectives on local and regional development from africa asia pacific europe latin america and north america section seven provides reflection and discussion of the futures for local and regional development in an international and multidisciplinary context with over forty contributions from leading international scholars in the field this handbook provides critical reviews and appraisals of current state of the art conceptual and theoretical approaches and future developments in local and regional development

quality caring in nursing and health systems third edition delivers a detailed framework of the quality caring model a theory that analyzes the relationships among the self the community served patients and families and the health care team as the population requiring healthcare increases so does the room for error and the demand for patient centered care the health system focused on procedures protocols technology and lower costs continues to inflict unnecessary harms upon already vulnerable patients and their families nurses as the largest group of health care professionals that spend the longest time with patients and families are in a unique position to advance new relationship centric approaches to health care this text focuses on the practical application of the quality caring model featuring new examples of ways to embed caring into the health care environment an abundance of practice analyses and reflective exercises reinforce the book s content written for nursing students clinicians educators and leaders this text delves into the intricacies of relational health care chapters apply the model to patients and families and provide optimal learning strategies to inform quality caring competencies case studies interviews exemplars relevant lessons and suggested improvements woven throughout the text push the model further than theory and into practice new to the third edition updates and clarifies the quality caring model to improve the safety

and quality of health systems examines the continuing quality crisis in health care demonstrates the model s application in clinical educational and leadership practice includes practice analyses at the end of each chapter discusses how nurses can work in creative ways to implement caring in their practice as per iom future of nursing report provides interviews with practicing nurses reflecting the challenges and strategies needed to implement caring in our technopharmacological system key features examines the evolution of the quality caring model its key concepts and the clinical educational and leadership implications for application features interviews with practicing nurses that reflect challenges and successful strategies includes case studies and practical insights from diverse community and academic health centers includes learning objectives boxed calls to action key summary points and reflective exercises offers user friendly visual images and charts focuses on the challenge of creating value facilitates magnet designation

this work ushers in a change in the approach of books on hospital administration to make the text interesting authors have used the case based learning approach apart from this many new topics have been introduced in this book which had not been addressed so far in the available books for example due importance has been given to the role of engineering department in ensuring provision of good quality of medical care by the hospitals new concepts in hospital administration like information therapy use of information and communication technology health promoting hospital approach impact of globalization on hospital care etc have also introduced through this book usp of the book is giving due importance to the feedback from experienced hospital administrators across public and private hospitals of country this book will surely be of use to medical superintendents and hospital administrators in government and private hospitals in india and other countries students as well as teachers of various courses namely regular and distant learning courses of mba in health care hospital administration diploma of masters in hospital administrator md in hospital administrator md in community medicine diploma masters in laws master s in public health will also find this book of immense value this book will also be helpful for civil surgeons and senior medical officers of state health services the book comprehensively consolidates a lot of practical aspects by incorporating plenty of illustrations photographs case studies real life situations etc which will help the readers to get a realistic practical experience salient features new concepts in hospital administration like use of information and communication technology health promoting hospital approach impact of globalization on hospital care role of engineering department and information therapy etc have been introduced case studies presented in the chapters are useful for case based learning approach comprehensively consolidates a lot of practical aspects by incorporating plenty of flowcharts figures and tables help the readers to get a realistic practical experience
