this is the story of the scribes pharisees priests and levites and of certain romans it is intended as a phase of that divine history already told to the world but now told from another stand point and translated from the ancient hebrew habits of life into modern american so that the reader may more readily understand the circumstances that directed our actions if it has been told aright he may see why it was that we crucified the truth we scribes and pharisees have been vilified and abused for nineteen hundred years because we acted as the circumstances of our lives compelled us the fact seems to be overlooked that we were not born publicans and sinners but upright and virtuous citizens and that it was out of the question for us to desert our own class and to ally ourselves with those whose only recommendation appeared to lie in the fact that they were poor and lowly or else that they were social outcasts and sinners we could hardly be held to have been more worthy of respect if we had violated our traditions of order and of virtue to accept an entirely new code of ethics supported by such advocates which code if carried out meant the overthrow of all that we held most sacred and worthy of preservation
