the truth about woman by c gasquoine catherine gasquoine hartley it is very difficult to write a preface to a work which is expressly intended as a revelation of the faith of the writer the successive stages of thought and emotion that have been passed through are still too near and one feels too deeply i have made several futile attempts to concentrate into a short note the truths about woman that i have tried to convey in my book i find it impossible to do this the explanation of one s own book would really require the writing of another book as mr bernard shaw has proved to us in his delightful prefaces but to do this one must be freed altogether from the limits of length and time the fragments of what i wish to say would be of no service to any one i then tried to place myself as it were outside the book and to look at it as a stranger might but the difficulties here were even greater i grew so interested in criticising my own opinions that my notes soon outran the possibilities of a preface in this spirit of genuine discrimination i became aware how easy it would be for any one who does not share my faith to find apparent contradictions of statement and errors in thought much that is feeble here extravagant there to

notice some salient fault and to take it as decisive of the writer's incompetence i am tempted to point these out myself to guide and protect the reader now that my book is done i feel that i have touched only the veriest fringe of a vast subject but one thing i may say i have tried to express the truth as i have come to see it the conception i have of woman is not new it is very old and for that reason it will be rejected by many women to day at present the inspiration towards freedom in the woman's movement has involved a tendency to follow individual paths without waiting to consider to what end they lead there has arisen a sort of glamour about freedom no one of us can be free for no one of us stands alone we are all members one of another and woman's destiny is rooted in the race this rightly considered is the most vital of all vital facts i appeal to women to realise more clearly their true place and gifts as representing that original racial motherhood out of which the masculine and feminine characters have arisen we are delighted to publish this classic book as part of our extensive classic library collection many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public the aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades the contents of the vast majority of titles in the classic library have been scanned from the original works to ensure a high quality product each title has been meticulously hand curated by our staff our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work we hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience
