first published in 1917 with a second edition in 1948 this is the first english translation of santi romano s classic work the legal order the focus is on the notion of institution which romano considers the core and distinguishing feature of law the legal order offers precious insights for a thorough rethinking of state based models of law

the academy is a prestigious international institution for the study and teaching of public and private international law and related subjects the work of the hague academy receives the support and recognition of the un its purpose is to encourage a thorough and impartial examination of the problems arising from international relations in the field of law the courses deal with the theoretical and practical aspects of the subject including legislation and case law all courses at the academy are in principle published in the language in which they were delivered in the collected courses of the hague academy of international law

is the procedural autonomy of eu member state a myth or a reality what should this concept be taken to mean starting from the analysis of requirements and principles regulating generally speaking the relationships between member states and eu law this book provides a definition of procedural autonomy able to account for the concept s inherent limits out of an analysis of the more relevant eu jurisprudence the author identifies the rationale underlying the interventions of the ecj on issues of procedural autonomy and the common logic that

emerges from it and reveals how in an unchanged context of procedural autonomy of the member states national procedural law becomes more and more functionalized to the requirements of effectiveness of substantive eu law as such we should speak of a functionalized procedural competence rather than of procedural autonomy but this is by no means a case of paradise lost the book includes a foreword by prof jürgen schwarze one of the founding fathers of european administrative law

this book examines the role of law in europe at a time when economic policies have become dominant not only on this continent but globally can law be seen as a mere infrastructure or does it contribute to defining the social and legal order through its own inherent rules if the second hypothesis is true what might these rules be and how may they be identified lastly to what extent can agreeing a definition of the role of law affect the future of europe with the next generation european union the eu has introduced an unprecedented investment plan for economic recovery and resilience in doing so it has become the most important financial intermediary on the continent but is this simply the prelude to a european economic and financial revival or does it also aim to strengthen the european legal order in social political and constitutional terms this book argues that the role of law in europe should be to achieve a balanced relationship between freedom and solidarity encouraging economic competition but also social cohesion analyzing the role of law in the project of european integration it maintains that law should be more than an infrastructure for finance and economics showing how it can act as a guide and a binding force to achieve a more balanced relationship between economics politics and law this book will be of interest to scholars in the fields of public law european law law and economics the philosophy of law legal history political theory and political science as well as others concerned with the future of european integration

volumes 1 2 guide to the major companies of europe 1991 92 volume 1 arrangement of the book contains useful information on over 4000 of the top companies in the european community excluding the uk over 1100 this book has been arranged in order to allow the reader to companies of which are covered in volume 2 volume 3 covers find any entry rapidly and accurately over 1300 of the top companies within western europe but outside the european community altogether the three company entries are listed alphabetically within each country volumes of major companies of europe now provide in section in addition three indexes are provided in volumes 1 authoritative detail vital information on over 6500 of the largest and 3 on coloured paper at the back of the books and two companies in western europe indexes in the case of volume 2 major companies of europe 1991 92 volumes 1 the alphabetical index to companies throughout the 2 contain many of the largest companies in the world the continental ec lists all companies having entries in volume 1 area covered by these volumes the european community in alphabetical order irrespective of their main country of represents a rich consumer market of over 320 million people operation over one third of the world s imports and exports are channelled through the ec the community represents the the alphabetical index in volume 1 to companies within each world s largest integrated market
