polar motion is an important geophysical process and difficult to understand given the various parameters involved but it is of key importance
 to our climate and climate change understanding and modeling also has implications on key technologies such as space geodesy and satellite

navigation additionally long term polar motion has close links to decadal climate change and ice cap development it also reflects the global circulation in the hydro atmospheric layers and the internal properties of the earth therefore the topic is of primary interest for geophysics as well as climatology

the definitive serial in the field since 1960 provides up to date material on a fast growing and highly topical subject area contains the latest research covering a wide variety of heterocyclic topics written by leading authorities and designed as a handbook for students and industry and academic researchers

this volume gives a detailed account of the parameters for technical standards and measures seeking to protect health and environment

technical standards are increasingly determining the development production trade in and marketing of goods and services in order to ensure that technical regulations and product standards which vary from country to country do not create unnecessary obstacles to trade the agreement on technical barriers to trade was adopted during the uruguay round it is paralleled by the agreement on sanitary and phytosanitary measures which sets out the basic rules on how governments can apply food safety as well as animal and plant health measures without however using them as an excuse for protecting domestic producers prominent decisions under the wto dispute settlement have interpreted those provisions this volume gives a detailed account of the necessary parameters for technical standards and measures seeking to protect health and environment included are commentaries on articles iii xi and xx of gatt 1994 which are equally relevant in this context the article by article commentaries draw from a considerable body of case law the work by the tbt and sps committee and the relevant legal literature attention is given to substantive requirements as well as the necessary standard setting procedures apart from a thorough analysis of the relevant and most recent jurisprudence including the biotech panel report the commentary seeks to give answers to newly emerging issues such as special needs of developing countries it is an indispensable tool for practitioners and academics working in this field of wto law
