the idea for the book came initially from my research notes internal blog which deals mainly with the changing nature of investment strategy of major global funds the aftermath of the global financial crisis the impact of brexit the global position of london the increasingly political nature of global capital flows into the sector and the industry s default position which is one of delusion and a hope against hope for soft landings these issues are set against a background of just how the real estate capital market has evolved from a local and rather dozy industry to one of increasing sophistication however the underlying argument is that this apparent shift is superficial despite the hope that somehow bankers have learnt from the lessons of the past that rating agencies and regulators do more than tick boxes or investors cease their natural tendency to stray from the world they know best joe valente june 2018 all profits from this book will be donated to bloodwise

time out of mind is one of the most ambitious complex and provocative albums of bob dylan s distinguished artistic career the present book interprets the songs recorded for time out of mind as a series of dreams by a single singer dreamer these dreams overlap and intermingle but three primary levels of meaning emerge on one level the singer dreamer envisions himself as a killer awaiting execution for killing his lover on another level the song cycle functions as religious allegory dramatizing the protagonist s relentless struggles with his lover as a battle between spirit and flesh earth and heaven salvation and damnation on still another level time out of mind is a meditation on american slavery and racism dylan s most personal encounter with the subject but one tangled up in associations with the minstrelsy tradition and debates surrounding cultural appropriation time out of mind marks the culmination of several recurring themes that have preoccupied dylan for decades and it serves as a pivotal turning point toward his late renaissance in terms of both subject matter and intertextual approach
