the bestselling author of the death of money and currency wars reveals the global elites dark effort to hide a coming catastrophe from investors in the road to ruin now a national bestseller a drumbeat is sounding among the global elites the signs of a worldwide financial meltdown are unmistakable this time the elites have an audacious plan to protect themselves from the fallout hoarding cash now and locking down the global financial system when a crisis hits since 2014 international monetary agencies have been issuing warnings to a small group of finance ministers banks and private equity funds the u s government s cowardly choices not to prosecute j p morgan and its ilk and to bloat the economy with a 4 trillion injection of easy credit are driving us headlong toward a cliff as rickards shows in this frightening meticulously researched book governments around the world have no compunction about conspiring against their citizens they will have stockpiled hard assets when stock exchanges are closed atms shut down money market funds frozen asset managers instructed not to sell securities negative interest rates imposed and cash withdrawals denied if you want to plan for the risks ahead you will need rickards s cutting edge synthesis of behavioral economics history and complexity theory it s a guidebook to thinking smarter

acting faster and living with the comforting knowledge that your wealth is secure the global elites don't want this book to exist their plan to herd us like sheep to the slaughter when a global crisis erupts and of course to maintain their wealth works only if we remain complacent and unaware thanks to the road to ruin we don't need to be if you are curious about what the financial götterdämmerung might look like you've certainly come to the right place rickards believes and provides tantalizing snippets of private conversations with those who dwell in the very eye in the pyramid that the current world monetary and financial system is on the verge of insolvency and that the world financial elites already have a successor system for which they are laying the groundwork ralph benko forbes

the immediate impact of deindustrialization the suffering inflicted upon workers their families and their communities has been widely reported by scholars and journalists in this important volume the authors seek to move discussion of america's industrial decline beyond the immediate ramifications of plant shutdowns by placing it into a broader social political and economic context emphasizing a historical approach the authors explore the multiple meanings of one of the major transformations of the twentieth century the concept of deindustrialization entered the popular and scholarly lexicon in 1982 with the publication of the deindustrialization of america by barry bluestone and bennett harrison beyond the ruins both builds upon and departs from the insights presented in that benchmark study in this volume the authors rethink the chronology memory geography culture and politics of industrial change in america taken together these original essays argue that deindustrialization is not a story of a single emblematic place such as flint or youngstown or a specific time period such as the 1980s nor is it limited to the abandoned factory buildings associated with heavy industry rather deindustrialization is a complex process that is uneven in its causes timing and consequences the essays in this volume examine this process through a wide range of topics from worker narratives and media imagery to suburban politics environmental activism and commemoration

twentieth century world presents regionally balanced coverage of global events from 1914 to present in order to provide a well rounded view of contemporary world history back cover

the best selling twentieth century world text covers recent world history by focusing on themes of global interrelatedness identity and difference the rise of mass society and technology versus nature the text presents balanced coverage of political economic social scientific artistic and military history allowing for a fully rounded understanding of the contemporary world a comparative timeline examines major historical events from around the globe

on globalization and world economy

export agriculture and the crisis in central america

the contributors examine the emergence of truly global cultural products and the strategies of global cultural players analyse how culture is circulated and consider why culture has become a crucial concern in business and organisations

a well illustrated survey of all the significant anasazi sites
