christianity changed the culture and society of iceland as it also did in other parts of northern europe during the twelfth and thirteenth centuries one of the important areas of change involved the introduction of new rules on the legal requirements for marriage property and virginity examines icelandic law codes marriage contracts and other documents related to court proceedings based on extensive source material never researched before this pioneer study explores the very gradual christianization of marriage in iceland it shows that this process which lasted for hundreds of years had consequences for family and kinship politics for inheritance and property transfer and for gender relations as canon law began to change the old ritual of betrothal the virginal state of the woman entering marriage gained greater importance at the same time marriage in the late middle ages continued to include many elements of its older understanding as a contract concerning property transfer between families a new perception of gender relations also arose whereby women became partners in the actual contract making the handshake was now between the husband and wife instead of

between the father of the bride and her future husband the rituals connected to the different bonds gained new meaning marriage was no longer a financial matter alone but also involved religious beliefs and a closer union of the spouses

medieval people viewed whales in complex and contradictory ways from marvelous to monstrous to mundane heaven sent or hell bent despite this whales are conspicuous in their absence from most historical and archaeological dialogues on the middle ages drawing upon a wealth of legal literary and material evidence this work details the ways in which whales were sought out and scavenged at sea and shore fought over in legal and physical battles and prized for meat bone and fuel using old norse sagas laws and material culture alongside comparative historical and ethnographic evidence monstrous fishes and the mead dark sea reexamines the value of whales in the medieval north atlantic world
