the largest enterprise in the capitalist world between 1920 and 1932 the deutsche reichsbahn german national railway was at the center of events in a period of great turmoil in germany in the first detailed history of this important organization alfred

mierzejewski presents a sophisticated analysis of the reichsbahn's operations, finances, and political and social roles. In addition, he uses the story of the reichsbahn to gain new perspectives on modern German economic and political history. Mierzejewski describes and analyzes the beginnings of the national railway in Germany and the problems that it faced. He examines the reichsbahn's noncapitalistic commonweal approach to economic management and shows how the railway was used to hold Germany together, especially in the face of Bavarian particularism. Mierzejewski's account also provides unparalleled insight into Germany's reparations policies, demonstrating that Germany was fully capable of paying the Dawes annuities and that the government's claims that reparations paid by the reichsbahn hurt both the railway and Germany were groundless. A second volume will cover the period from 1933 to 1945.

The eastern front witnessed the critical battles between the German and Russian armies, which won and lost the Second World War. In *Red Storm on the Reich*, Christopher Duffy uncovers a military campaign of unprecedented scale and ferocity during which thirty million lives were lost, a deadly harvest in which the slaughter and suffering of German civilians reached unfathomable dimensions. By quoting extensively from the memoirs of Soviet and German commanders and the diaries of infantrymen, *Red Storm on the Reich* brings to life not only the Russian military assault on the lands of Germany but also the human drama behind what can only be called epic sieges of the fortress cities of Danzig, Kolberg, and Breslau. Christopher Duffy's gripping narrative of this unexplored offensive and the psyches behind it makes for essential reading for all those interested in the Second World War and European history.
