shortlisted for the british fantasy awards non fiction 2022 shortlisted for the locus science fiction foundation non fiction award 2022 sf has long been understood as a literature of radical potential capable of imagining entirely new worlds and ways of being yet sf has been slow to embrace posthumanist ideas about the human subject the human of the sf tradition is instead a liminal being caught somewhere between the transcendent man of classical humanism and the subversive cyborg of posthumanist thought this study offers a critical history of the human in sf by examining a range of sf works from 1818 to the 1970s it seeks to answer some key questions what role

does technology play in defining what it means to be or not to be human how do these writers understand the relationship between humanity and the rest of nature and how can we use sf to re examine our ethical position towards the non human world and move to more egalitarian understandings of the human subject

sustainable mobility is a highly complex problem as it is affected by the interactions between socio economic environmental technological and political issues energy transport the environment addressing the sustainable mobility paradigm brings together leading figures from business academia and governments to address the challenges and opportunities involved in working towards sustainable mobility key thinkers and decision makers approach topics and debates including energy security and resource scarcity greenhouse gas and pollutant emissions urban planning transport systems and their management governance and finance of transformation the threats of terrorism and climate change to our transport systems introduced by a preface from u s secretary of energy steven chu and an outline by the editors dr oliver inderwildi and sir david king energy transport the environment is divided into six sections these sections address and explore the challenges and opportunities for energy supply road transport urban mobility aviation sea and rail as well as finance and economics in transport possible solutions ranging from alternative fuels to advanced urban planning and policy levers will be examined in order to deepen the understanding of currently proposed solutions within the political realities of the dominating economic areas the result of this detailed investigation is an integrated view of sustainable transport for both people and freight making energy transport the environment key reading for researchers decision makers and policy experts across the public and private sectors

a compelling insight into how our imagination works based on the latest scientific research

around the world in eighty days french le tour du monde en quatre vingts jours is a classic adventure novel by the french writer jules verne published in 1873 in the story phileas fogg of london and his newly employed french valet passepartout attempt to circumnavigate the world in 80 days on a 20 000 wager roughly 1 6 million today set by his friends at the reform club it is one of verne s most acclaimed works the story starts in london on tuesday october 1 1872 fogg is a rich english gentleman living in solitude despite his wealth fogg lives a modest life with habits carried out with mathematical precision very little can be said about his social life other than that he is a member of the reform club having dismissed his former valet james foster for bringing him shaving water at 84 f 29 c instead of 86 f 30 c fogg hires a frenchman by the name of jean passepartout as a replacement at the reform club fogg gets involved in an argument over an article in the daily telegraph stating that with the opening of a new railway section in india it is now possible to travel around the world in

80 days he accepts a wager for 20 000 equal to about 1 6 million today from his fellow club members which he will receive if he makes it around the world in 80 days accompanied by passepartout he leaves london by train at 8 45 p m on wednesday october 2 1872 and is due back at the reform club at the same time 80 days later saturday december 21 1872

a retelling of the classic by jules verne
